Combat Commander Autobiography Of A Soldier:

Combat Commander Ernest Nason Harmon, Milton MacKaye, William Ross MacKaye, 1970 Autobiography of United States Army General Ernest Nason Harmon **Becton** Julius Wesley Becton, 2008-02-15 This autobiography published in cooperation with the Association of the United States Army AUSA highlights Lieutenant General Becton's remarkable career reflects on his youth his almost forty years of service in the U S Army and his subsequent civilian appointments Devotion to leadership education service race and his spiritual upbringing are all central themes in the book Becton enlisted in a segregated Army at age eighteen and rose to the rank of lieutenant general over the course of nearly four decades After receiving his commission as a second lieutenant of infantry he subsequently fought with distinction in the Korean War Integrated into the Regular Army in 1951 he went on to earn degrees in mathematics and economics and held combat commands in the 101st Airborne Division in Vietnam and the legendary 1st Cavalry Division in 1975-76 Promoted to lieutenant general in 1978 he served as commanding general of the U S VII Corps in Germany and deputy commander of Training and Doctrine Command and the Army Inspector of Training before retiring in 1983 Following retirement he entered fields of international disaster assistance emergency management and education In 2007 Becton was selected to receive the George Catlett Marshall Medal the highest award presented by the AUSA for being a soldier combat commander administrator educator public servant government leader and role model **Through Mobility We Conquer** George F. Hofmann, 2006-07-03 The U S Cavalry which began in the nineteenth century as little more than a mounted reconnaissance and harrying force underwent intense growing pains with the rapid technological developments of the twentieth century From its tentative beginnings during World War I the eventual conversion of the traditional horse cavalry to a mechanized branch is arguably one of the greatest military transformations in history Through Mobility We Conquer recounts the evolution and development of the U S Army's modern mechanized cavalry and the doctrine necessary to use it effectively The book also explores the debates over how best to use cavalry and how these discussions evolved during the first half of the century During World War I the first cavalry theorist proposed combining arms coordination with a mechanized force as an answer to the stalemate on the Western Front Hofmann brings the story through the next fifty years when a new breed of cavalrymen became cold war warriors as the U S Constabulary was established as an occupation security police force Having reviewed thousands of official records and manuals military journals personal papers memoirs and oral histories many of which were only recently declassified George F Hofmann now presents a detailed study of the doctrine equipment structure organization tactics and strategy of U S mechanized cavalry during the changing international dynamics of the first half of the twentieth century Illustrated with dozens of photographs maps and charts Through Mobility We Conquer examines how technology revolutionized U S forces in the twentieth century and demonstrates how perhaps no other branch of the military underwent greater changes during this time than the cavalry **The Last Cavalryman** Harvey Ferguson, 2015-03-16

Truscott was one of the really tough generals soldier cartoonist Bill Mauldin of the 45th Infantry Division once wrote He could have eaten a ham like Patton for breakfast any morning and picked his teeth with the man s pearl handled pistols Not one merely to act the part of commander Mauldin remembered Truscott spent half his time at the front the real front with nobody in attendance but a nervous Jeep driver and a worried aide In this biography of Lucian K Truscott Jr author Harvey Ferguson tells the story of how Truscott despite his hardscrabble beginnings patchy education and questionable luck not only made the rank of army lieutenant general earning a reputation as one of World War II s most effective officers along the way but was also given an honorary promotion to four star general seven years after his retirement For all his accomplishments and celebrated heroic action Truscott was not one for self aggrandizement which may explain in part why historians have neglected him until now The Last Cavalryman drawing on personal papers only recently made available gives the first full picture of this singular man s extraordinary life and career Ferguson describes Truscott s near accidental entry into the U S Cavalry propelled by Pancho Villa s 1916 raids and his somewhat halting rise through the ranks aided by fellow cavalryman George S Patton Jr who steered him into the nascent armored force at the right time The author takes us through Truscott s service in the Second World War from creating the U S Army Rangers to engineering the breakout from Anzio and leading the masterpiece invasion of southern France Ferguson finishes his narrative by detailing the general s postwar work with the CIA where he acted as President Dwight Eisenhower s eyes and ears within the agency A compelling story in itself this biography of Lucian K Truscott Jr a cavalryman to the last fills out an important chapter in American military history

Armor ,1970 **The Casualty Issue in American Military Practice** Evan A. Huelfer,2003-10-30 Huelfer examines the casualty issue in American military thought and practice during the years between the World Wars He argues that Americans exhibited a distinct aversion to combat casualties duirng the Interwar Period a phenomenon that visibly influenced the military establishment and helped shape strategic planning force modernization and rearmament for World War II In a broad topical approach Huelfer s main theme casualty aversion is woven into discussions about military strategy and policies doctrinal and technological development the military education system and how the American officer corps emerged from World War I and prepared for World War II As Huelfer makes clear aversion to combat casualties is not just a post Vietnam War phenomenon but rather has long been embedded within the American national heritage Conventional wisdom link today s exacerbated aversion to combat casualties as fallout from the Vietnam debacle In fact this Vietnam Syndrome has remained at the forefront of contemporary strategic thinking Huelfer shows that American political and military leaders have held lasting concerns about risking soldiers lives in combat even pre dating U S involvement in World War II The grim experiences of World War I had a profound impact upon the U S officer corps and how it viewed potential future conflicts The casualty issue permeated the officers strategic culture during the Interwar Period and colored their thinking about improving training doctrinal evolution force modernization and technological development Even though one

cannot find the terms casualty issue casualty aversion or sensitivity to casualties directly stated in the speeches and writings of the era this awareness clearly emerged as a subtext for the entire American effort in preparation for World War II Huelfer highlights how casualty aversion shaped American strategy for World War II by incorporating ideas about the use of overwhelming force air power and mechanization all designed to minimize losses A Command Post at War David W. Hogan,2000 Discusses the first Army headquarters in the European theater from its activation in October 1943 to V E Day in May 1945 Shows the Army headquarters of World War 2 as a complicated organization with functions ranging from the immediate supervision of tactical operations to long range operational planning and the sustained support of frontline units CMH Pub 70 60 **The Journal of Military History** ,2003 *Political Leaders and Military Figures of the Second World War* Steven D. Chambers,1996 This bibliography is a compilation of approximately 3500 English language works by and about the major political leaders and military figures of the Second World War The bibliography is intended to aid librarians in answering reference questions concerning what works are available on a certain individual to aid graduate and undergraduate students in researching potential historical topics and to aid the general reader in choosing a good biography of a particular individual Biographical Books, 1950-1980 R.R. Bowker Company. Department of Bibliography,1980 Vermont History ,1979 **Twentieth Century Warrior** Wilson Allen Heefner,1995 Major General Edwin D Patrick was killed leading his 6th Infantry Division in combat on Luzon March 1945 one of only three division commanders to die as a result of combat action in World War II His mission was to close with and destroy the enemy Wilson A Heefner here brings into focus those factors that set Patrick and his fellow 138 combat division commanders apart from their contemporaries who were not chosen for command In doing that Heefner has told the story of the United States Army He takes the reader from Patrick s 1915 commissioning in the Indiana National Guard through his combat in the Saint Mihiel and Meuse Argonne offensives in World War I his schooling and assignments through the lean years between the wars to Patrick s World War II contributions During World War II Patrick served briefly on Admiral William Halsey s staff in the South Pacific then became Chief of Staff of General Walter Krueger s 6th Army On New Guinea he commanded task forces at the battles of Wakde Sarmi and Noemfoor Island before assuming command of the 6th Infantry Division *Dictionary of American Military Biography: A-G* Roger J. Spiller,1984 **Old Glory Stories** Cole Christian Kingseed,2006 Rather than a history of battles and campaigns this book is an analysis of leadership in combat over three continents and across two oceans It looks at how soldiers react in war how sergeants lieutenants captains and generals direct soldiers in the most intense of all human dramas **Arn's War** Edward C. Arn,2006 This memoir of World War II written by Edward C Arn an infantry captain who served in Company F 2nd Battalion 30th Infantry Division takes readers on a wartime journey in the European Theater of Operations through a clear and honest account of combat from the viewpoint of a sensitive and acute civilian in uniform Arn entered combat and proved his worth in the hedgerows of Normandy the Battle of Mortain the push through northern France and the

Netherlands the Battle of the Bulge the Ardennes Campaign and the invasion of the German heartland to the Elbe River During his sixteen months on the front lines Arn underwent a transformation from an apprehensive novice into a battle rested veteran Arn writes in a straightforward and engaging manner that avoids false sentimentality or romanticism Instead he gives readers keen insights into the daily life of soldiers locked in gruesome events far beyond their experience and describes how it feels to be under fire to suffer a wound to agonize over the deaths of friends to endure true suffering to sacrifice and to survive Edited and annotated by Jerome Mushkat this memoir is an exceptional account of a man who came of age during the World War II generation *Recasting Race After World War II* Timothy L. Schroer, 2007 Historian Timothy L. Schroer's *Recasting Race after World War II* explores the renegotiation of race by Germans and African American GIs in post World War II Germany Schroer dissects the ways in which notions of blackness and whiteness became especially problematic in interactions between Germans and American soldiers serving as part of the victorious occupying army at the end of the war The segregation of U S Army forces fed a growing debate in America about whether a Jim Crow army could truly be a democratizing force in postwar Germany Schroer follows the evolution of that debate and examines the ways in which postwar conditions necessitated reexamination of race relations He reveals how anxiety about interracial relationships between African American men and German women united white American soldiers and the German populace He also traces the importation and influence of African American jazz music in Germany illuminating the subtle ways in which occupied Germany represented a crucible in which to recast the meaning of race in a post Holocaust world *Recasting Race after World War II* will appeal to historians and scholars of American African American and German studies **The War in North Africa, 1940-1943** Colin F. Baxter, 1996-03-30 Critically assesses the important literature on the North African campaign and offers the most comprehensive bibliography on the subject to date [Chicorel Index to Biographies](#) Marietta Chicorel, 1974 *Book Bulletin* Chicago Public Library, 1971 [Czech and Slovak History](#), 1996
