ACT as planned

Effects of obsolescence are being felt by more and more industries, so information to drive active management is crucial

Keep an inventory of all parts, and determine the level of IP protection that covers these components, as part of obsolescence risk assessment

Continually check for obsolescence and use IP analysis to review adjacent technology areas, or find alternative solutions or partners to mitigate risk

IP analysis will reveal whether there is the option to design around the obsolete part, whether the technology can be licensed or who has expertise as a potential new partner
