

OF MODERN POETRY

The poem of the mind in the act of finding
What will suffice. It has not always had
To find: the scene was set; it repeated what
Was in the script.

Then the theatre was changed
To something else. Its past was a souvenir.

It has to be living, to learn the speech of the place.
It has to face the men of the time and to meet
The women of the time. It has to think about war
And it has to find what will suffice. It has
To construct a new stage. It has to be on that stage
And, like an insatiable actor, slowly and
With meditation, speak words that in the ear,
In the delicatest ear of the mind, repeat,
Exactly, that which it wants to hear, at the sound
Of which, an invisible audience listens,
Not to the play, but to itself, expressed
In an emotion as of two people, as of two
Emotions becoming one. The actor is
A metaphysician in the dark, twanging
An instrument, twanging a wiry string that gives
Sounds passing through sudden rightnesses, wholly
Containing the mind, below which it cannot descend,
Beyond which it has no will to rise.

It must
Be the finding of a satisfaction, and may
Be of a man skating, a woman dancing, a woman
Combing. The poem of the act of the mind.

[The Image of Modern Man in T. S. Eliot's Poetry](#) Mariwan Nasradeen Hasan Barzinji, 2012 A Synopsis of The Image of Modern Man in T S Eliot's Poetry The book presents an original understanding of The Image of Modern Man in T S Eliot's complex and difficult poems in an easy and understandable way Eliot's vision of the Modern Man and the modern world is depicted throughout Eliot's most well known poems Eliot was criticized by some critics for the quality of his work The aim of this book is to show what an excellent and successful writer he is to reveal the value and the contemporaneity of his work His poetry is highly evaluated for its unique way of depicting the Modern human by realizing their problems as well as finding solutions for them

The book is a great help not only for students but also for researchers as the writer has spent much time in reading Eliot's Poems. He has also written an ample introduction about modernism, modernity, modern literature, and modern poetry which might be enough to understand the rise of modern poetry. All of Eliot's poems, especially *The Waste Land*, has presented readers with all the aspects of the modern life. Life is depicted as a mirror broken and shattered into pieces as it is clear in the different parts of the poem. Eliot, unlike many poets, did not leave the modern man lost in despair but he finds them their peace of mind by having a true and stable faith as well as their turning to God. The only solution for the entire problems of modern man is to turn to God and neglect the world that completely occupied them spiritually. Modern man, lost, has lost his values, especially women, by only looking after children; many of them turned to prostitution because they did not have any source of income, therefore they used that as a way to earn money to maintain life. These are the characteristics of the modern city which are shared by all the countries, especially Europe. Eliot insists on the necessity of turning from world to God. He believed that God can solve their problems because man or any other earthly power could not change that gloomy and aimless life which modern man complained against.

Cold Mountain Poems Anjiang Hu, 2023-07-28. This book unveils the legendary life and the mystic poems of the iconic Chinese Tang poet Han Shan, known by his pen name Cold Mountain, and investigates the dissemination and reception of the Cold Mountain Poems (CMPs) attributed to him. Han Shan and the CMPs are amongst the most legendary literary landscapes and cultural memories in the history of world scholarly exchange. The maniac poet, recluse hidden in the Cold Mountains, the delicate poetic realms of Confucianism, Buddhism, Zen, and Taoism contained in the Cold Mountain Poems, and the incredible pervasiveness of its text, travel, and canon construction worldwide, as well as the profound impact of CMPs on comparative literature, world literature, and Chinese studies, provide the perfect lens to learn about Chinese language, literature, culture, and society. This book is thus intended to investigate CMPs in a coherent global context. Considering the vertical studies of the Chinese literature polysystem, it highlights the horizontal influence of CMPs, literarily or non-literarily. Furthermore, it addresses the making and developing of the Han Shan phenomenon and its implications for translation studies, travel writing, canon construction, and literary historiography. This book is for scholars, researchers, and students in literary history and East Asian Studies focusing on Chinese literature and culture, and those interested in the history of poetry in general.
