Amoral America George C. Benson, Thomas Engeman, 1975-10 **The Rediscovery of America** Edward J. Erlar, Ken Masugi, 2019-02-08 Harry V Jaffa 1918 2015 one of the profoundest political thinkers of his time is known most prominently for his pathbreaking work on Abraham Lincoln Jaffa who taught for 50 years at the Claremont Colleges and was a Distinguished Fellow of the Claremont Institute sought to produce a revolution in political philosophy by applying Strauss's controversial thinking about natural right Scripture and human greatness to American politics In these 10 essays beginning in the 1980s Jaffa rediscovered the moral and intellectual complexity of statesmanship in particular that of Lincoln and the American founders The essays reveal the profundity of the Declaration of Independence in observations both theoretical e.g. Aristotle and Aquinas and practical e.g. campus radicalism Jaffa takes aim at the interpretations of America made by some of Leo Strauss's students chastising their imputation of radically liberal theorizing to the Declaration and their ignorance of the meaning of all men are created equal The Declaration's radicalism lies rather in its synthesis of ancient political philosophy and Scriptural authority on the good human life Jaffa is particularly critical of Allan Bloom and in previously unpublished essays Irving Kristol and Harvey Mansfield for their errors about America Jaffa's essays recover political philosophy in its political and philosophic dimensions so that it can be a continuing guide for our politics today *Dictionary of English Spelling* Martin H. Manser, 2005 The Wordsworth Dictionary of English Spelling is the only spelling dictionary to give concise meanings throughout and the only full size spelling dictionary to have boxed features on spelling rules Quicker clearer and easier to use than a conventional dictionary it includes the latest additions to the English language for instance new words such as helpline karaoke synergy and teleworking Comprehensive 50 000 spellings at a glance Informative concise meanings given throughout Helpful 175 panels showing spelling rules and tips **Tropical Whites** Catherine Cocks, 2013-03-05 As late as 1900 most whites regarded the tropics as the white man's grave a realm of steamy fertility moral dissolution and disease So how did the tropical beach resort white sand blue waters and towering palms become the iconic vacation landscape *Tropical Whites* explores the dramatic shift in attitudes toward and popularization of the tropical tourist Southland in the Americas Florida Southern California Mexico and the Caribbean Drawing on a wide range of sources Catherine Cocks examines the history and development of tropical tourism from the late nineteenth century through the early 1940s when the tropics constituted ideal winter resorts for vacationers from the temperate zones Combining history geography and anthropology this provocative book explains not only the transformation of widely held ideas about the relationship between the environment and human bodies but also how this shift in thinking underscored emerging concepts of modern identity and popular attitudes toward race sexuality nature and their interconnections Cocks argues that tourism far from simply perverting pristine local cultures and selling superficial misunderstandings of them served as one of the central means of

popularizing the anthropological understanding of culture new at the time Together with the rise of germ theory the emergence of the tropical horticulture industry changes in passport laws travel writing and the circulation of promotional materials national governments and the tourist industry changed public perception of the tropics from a region of decay and degradation filled with dangerous health risks to one where the modern traveler could encounter exotic cultures and a rejuvenating environment

THE SECOND COMING Donald Lee Hughes,2023-06-28 The Second Coming is about how to transform a closed conscious mind into an open conscious mind After the consciousness of one s mind has been transformed it enables one to know and understand an eternally transcended ideal or truth from a logical and rational eternal perspective Once an eternal intuitive perspective has been achieved it gives one the ability to identify an immortal ideal or truth that was creatively imagined from an ideal or truth that was eternally transcended from the Eternal Intuitive Reality of Godliness With this eternal intuitive ability one can faithfully believe an Eternal Intuitive Essence of Godliness is responsible for everything that has ever become and will become universally and eternally Through the power of faithfully believing one can create an eternal personal partnership with God Godly Being or Eternal Intuitive Essence of Godliness Upon this eternal personal partnership an eternal living reality of heaven will become upon the Blue Jewel while you are still alive Jesus professed If you faithfully believe in what I say you can have an eternal existence Jesus did not say upon one s death To a logical and rational consciousness of mind it appears once you faithfully believe in what Jesus said it instantaneously becomes of an eternal living life upon the Blue Jewel So as you read The Second Coming do not be surprised your universal existence is becoming eternal while you are still living life I hope you enjoy your eternal journey as an eternal living partner with your God Godly Being or Eternal Intuitive Essence of Godliness Blessed is the miraculous becoming of an eternal living life **USA ,1979**
