An A Alaskan Adventure:

Pipe Dream D. B. Brownlow,2011-04-11 **Alaska Adventure** Cynthia Baxter,2012-08-21 College freshman Laurel Adams joined a summer research project in Alaska where she lived with fellow researchers in a log cabin deep in the forest But poachers were killing Alaskan brown bears and the young researchers decided to investigate When a chance encounter showed who the villain was Laurel needed all the courage her Alaskan adventure had taught her Young Adult Fiction by Cynthia Baxter writing as Cynthia Blair originally published by Fawcett Juniper [Queen Orca & the Pigs](#) R.V.

Bailey,Jennifer FitzGerald,2016-06-19 The disappearance of a Reno couple from Prince William Sound Alaska along with a half eaten dog apparently by killer whales raises suspicion that a certain orca pack called the A T pack led by a particularly sharp and aggressive female the queen may be responsible An exploration geologist and his wife Alaska residents and both interested in orcas carry out investigations in the A T pack s home waters to learn more about their behavior and habits They are joined by a marine biologist orca specialist from southern California A number of people are determined to communicate with the orcas including a psychologist from Canada a rock band from Vancouver BC and music for the orcas via underwater speakers Some kids from Anchorage attempt to communicate with the whales with near fatal consequences Accompany the intelligent orcas as they hunt kill and eat various types of fish and animals They also have fun The three investigators decide to test the interest of the orcas under federal and state supervision in a totally strange food to help determine if they might kill and eat humans Small pigs a human food were decided upon as the best choice for testing orca reaction to strange food animals The test is successful and part of the A T pack is orca led but not for long *An Alaskan Adventure* Frederick James Currier,2018-08-01 As the descendant of early miners a grandfather who prospected for gold in the Fairbanks area in 1908 and a father who mined from the 1920s through the early 1940s my interest and fascination with Frederick Currier s manuscript was easily spiked Currier s quest for gold from 1893 into the 1900s was an admirable pursuit His account of prospecting ventures in 1898 on the Chena River near Fairbanks is spellbinding especially in his use of a sternwheeler and his building of cabins as he prospected toward the headwaters I have great admiration for the early gold prospectors like Frederick Currier since I have sunk a couple of shafts to bedrock with a windlass and know the effort and determination required The power of a few nuggets can change a person s direction in life Currier s *An Alaskan Adventure* is well worth reading more than once **The Alaskan Adventure** Franklin W. Dixon,2012-12-04 Frank and Joe head north to watch a friend race in the Iditarod dogsled race and find the whole town of Glitter under siege by a firebombing saboteur **An Alaskan Adventure** Dolores Palata Vician,2004-04-13 From the fall of 1962 to the spring of 1963 my husband Ed our five children and myself lived in an Eskimo village on the vast tundra land of Alaska We were thousands of miles from our suburban home outside of Chicago IL Ed had accepted a job as the superintendent of the largest state operated school in Alaska We were living in an Eskimo village Bethel so named by the Moravian missionaries who had established a church on

the Kuskokwin River many years before The Kuskokwin River is the second largest river in Alaska surpassed only by the mighty Yukon River As for Bethel it was over four hundred miles from Anchorage Alaska on the same line of longitude as Honolulu Hawaii By November it could only be reached by airplane weather permitting This is the story of our year in Alaska living in a Quonset hut situated next to the school It is based on a daily journal I kept of our experiences there We had left behind many conveniences such as an automatic washer dryer and dish washer Instead we had accepted a comparatively primitive way of life I cooked on an oil burning stove which also served as a space heater for the front of the Quonset hut Our water had to be delivered by truck Our bathroom had a chemical toilet called a honey bucket which needed to be emptied several times a week Our accommodations were cramped compared to the split level home we had left in Illinois However there were many compensations We soon realized that we were surrounded by many kind and caring people Although we led a simple life in our year in the Alaskan Eskimo village the experience was an enriching one for the entire family This is that story [Alaska Adventure Guide](#) Melissa DeVaughn,2011-01-01 Since Alaska is so large and its options so varied this guide is organized primarily to help travelers zero in on the activity or activities that most appeal to them The first ten chapters focus solely on adventure travel each devoted to a single activity The five regional chapters that follow focus mainly on the basics in a given area of the state getting around shopping lodging dining and entertainment The objective is not to provide the most information about destinations or attractions but rather the most useful information Any destination or outfitter listed here has made the cut by proving itself a wonderful place to visit or a reliable company with which to do business
