Political Liberalism and the Rise of American Romanticism Scott M. Reznick, 2024-07-18 Political Liberalism and the Rise of American Romanticism explores how American Romanticism developed in response to pervasive conflicts over democracy's moral dimensions in the early republic and antebellum eras By recovering the long under examined tradition of political liberalism for literary studies it traces how US writers reacted to ongoing moral and political conflict by engaging with liberal thinkers and ideas as they endeavored to understand how individuals beholden to a divergent array of moral convictions might nevertheless share a stable and just political world the very dilemma at the core of political liberalism This study demonstrates how those philosophical engagements sparked Romanticism's rise and eventual flourishing as US writers increasingly embraced Romantic literary modes emphasizing the imagination's capacity for creative synthesis and the role it plays in shoring up the habits of mind and feeling that are vital to a meaningful democratic culture It offers revisionary readings of works by Charles Brockden Brown Robert Montgomery Bird James Fenimore Cooper Harriet Beecher Stowe Frederick Douglass and Nathaniel Hawthorne to show how these Romantic writers were preoccupied with how individuals come to embrace their deepest convictions and what happens when they encounter others who see the world differently

King Vidor, American Raymond Durnat, Scott Simon, 1988-01-01 Hollywood director King Vidor 1894-1982 was acknowledged as a master by movie showmen and cinema critics alike but the range of his films made him impossible to pigeonhole With *The Big Parade* 1925 he created the first modern war film and MGM's first major hit *The Crowd* 1928 looked at ordinary people in city jungles *Hallelujah* 1929 was the first all black major studio feature To the Great Depression Vidor responded with *Our Daily Bread* 1934 the politically intricate saga of a rural cooperative Other Vidor films spoke directly to the moviegoing public that three handkerchief male weepie *The Champ* 1931 and that key women's drama *Stella Dallas* 1937 His high passion postwar melodramas spurned by contemporary reviewers have gained champions each year the epic western *Duel in the Sun* 1946 Ayn Rand's ultra right wing *The Fountainhead* 1949 and the violent and morbid *Beyond the Forest* 1949 and *Ruby Gentry* 1952 This book is the first in depth story of Vidor's half century long career from his first attempts to rival Hollywood in his home state of Texas through the complex interplay of his independent spirit with classic Hollywood's rules about public taste The title *King Vidor American* celebrates Vidor as a representative man full of the conflicting generosity and ferocity in the national ethos with his violent mixture of pioneering optimism and noir torments of transcendentalism and puritanism of spiritual verve and physical practicality of liberal conscience and Social Darwinist savagery of male dominance and female conciliation Like Whitman he contains multitudes Never narrowly auteurist this book is a wide ranging integration of film history political thought and popular culture Adapted from dust jacket

The American Worker on Film Doyle Greene, 2014-01-10 An examination of the cinematic and cultural discourse surrounding work the worker organized labor and the working class in 20th century America this book analyzes a number of films within the historical context of labor and politics Looking at both comedies *Modern Times* *Gung Ho* *Office Space* and dramas *The Grapes of Wrath* *On the Waterfront* *F I S T* *Blue Collar* *Norma Rae* and *Matewan* it reveals how these films are not merely products of their times but also producers of ideological stances concerning the status of capitalism class struggle and democracy in America Common themes among the films include the myth of the noble worker the shifting status of the American Dream and the acceptability of reform versus the unacceptability of revolution in affecting economic political and social change in America

Conspiracy and Romance Robert S. Levine, Robert Steven Levine, 1989-09-29 Robert Levine examines the American romance in a new historical context His book offers a fresh reading of the genre establishing its importance to American culture between the founding of the Republic and the Civil War With convincing historical and literary detail Levine shows that anxieties about foreign elements French revolutionaries secret societies Catholic immigrants African slaves are central to the fictional worlds of Brockden Brown Cooper Hawthorne and Melville Ormond *The Bravo* *The Blithedale Romance* and *Benito Cereno* are persuasively explicated by Levine to demonstrate that the romance dramatized the same conflicts and ideals that gave rise to the American Republic Americans conceived America as a historical romance and their romances dramatize the historical conditions of the culture The fear that reputed conspiracies would subvert the order and integrity of the new nation were recurrent and widespread Levine illuminates the influence of such fears on the works of major romance writers during this period

Philanthropy in British and American Fiction Frank Christianson, 2007-11-28 During the 19th century the U S and Britain came to share an economic profile unparalleled in their respective histories This book suggests that this early high capitalism came to serve as the ground for a new kind of cosmopolitanism in the age of literary realism and argues for the necessity of a transnational analysis based upon economic relationships of which people on both sides of the Atlantic were increasingly conscious The nexus of this exploration of economics aesthetics and moral philosophy is philanthropy Pushing beyond reductive debates over the benevolent or mercenary qualities of industrial era philanthropy the following questions are addressed what form and function does philanthropy assume in British and American fiction respectively What are the rhetorical components of a discourse of philanthropy and in which cultural domains did it operate How was philanthropy practiced and represented in a period marked by self interest and rational calculation The author explores the relationship between philanthropy and literary realism in novels by Charles Dickens Nathaniel Hawthorne George Eliot and William Dean Howells and examines how each used the figure of philanthropy both to redefine the sentiments that informed social identity and to refashion their own aesthetic practices The heart of this study consists of two comparative sections the first contains chapters on contemporaries Hawthorne and Dickens the second contains chapters on second generation realists Eliot and Howells in order to examine

the altruistic imagination at a culminating point in the history of literary realism

Feminism and American Literary History Nina Baym, 1992 For more than a decade Nina Baym has pioneered in the reexamination of American literature She has led the way in questioning assumptions about American literary history in critiquing the standard canon of works we read and teach and in rediscovering lost texts by American women writers *Feminism and American Literary History* collects fourteen of her most important essays published since 1980 which combining feminist perspectives with original archival research significantly revise standard American literary history In Part I *Rewriting Old American Literary History* the focus is on male writers Essays range from close readings of individual works to ambitious critiques of the main paradigms by which scholars have conventionally linked disparate texts and authors in a narrative of nationalist literary history the self in the wilderness myth the romance novel distinction the myth of New England origins Part II *Writing New American Literary History* studies examples of women's writing from the Revolution through the Civil War Stressing much overtly public and political writing that has been overlooked even by feminist scholars noting public and political themes in supposedly domestic works the essays substantially modify and historicize the paradigm by which premodern American women's writing is currently understood The contentious and influential essays in Part III *Two Feminist Polemics* address feminist literary theory and pedagogy advocating a pluralist practice as the basis for scholarship criticism and humane feminism No one interested in American literature or in women's writing can afford to ignore Baym's revisionist work Humorous and gracefully written this book is enjoyable and indispensable *The Continuum Encyclopedia of American Literature* Steven R.
