# An Ethnic At Large

**Charles Hamilton Hughes**

## **An Ethnic At Large:**

**Theoretical Study of Ethnogeography** Yanbo Guan, 2025-05-29 This book conducts a systematic research on the basic theoretical system of ethnogeography area differentiation and spatial changes of ethnic community national ecological outlook on human land relations geographical distribution of various nationalities in the world and historical geographical background of regional ethnic composition From the perspective of the development of the discipline through comprehensive review of the basic materials development process and research status of ethnogeography the book reveals the basic theoretical issues of the basic concepts subject attributes research objects contents and methods of ethnogeography and initially sets up the basic framework for the study of ethnogeography

**Race-Ethnicity and Society** Benjamin B Ringer, Elinor R. Lawless, 2025-06-30 First published in 1989 Race Ethnicity and Society comes as a usable and comprehensive text on race and ethnicity in the United States Ringer and Lawless set out to fill the gap in the literature by incorporating the positive lessons of the racially turbulent 1960s and 70s Proposing a challenge to three conventional premises of many texts they argue that the treatment of racial minorities in America was qualitatively different from that experienced by the white immigrants that racism was not a mere aberration in American Society but was built into the very foundations of the society and that America's experience with minorities was not unique but can instead be located within the mainstream of European expansion and conquest Race Ethnicity and Society will be a standard source for students in the fields of sociology history and political science

**Leadership in a Changing World** Robert H. Klein, Cecil A. Rice, Victor L. Schermer, 2009-01-16 This book addresses the major problems of leadership in groups organizations and societies in the twenty first century when rapid change complex dilemmas and earth shattering consequences affect the daily lives of people in the diverse contexts of social institutions the corporate world domestic politics and international terrorism and conflict The volume convenes a group of distinguished scholars consultants and leaders who address significant contemporary dilemmas that test the skills and knowledge of all concerned individuals Benjamin Disraeli said I am their leader therefore I must follow them This book speaks directly to that intimate connection between leaders and followers The organizing principle of the book is a group systems understanding of leadership further elaborated through the relational and intersubjective concepts emerging in the fields of counseling dynamic psychiatry and psychotherapy This interdisciplinary approach both complements and contrasts with the traditional understanding of leadership based on the dynamics of individual and collective self interest

*Black History and Black Identity* William D. Wright, 2002-02-28 This study contends that historians and intellectuals failed to understand the difference between race and ethnicity which has in turn impaired their ability to understand who Black people are in America The author argues that Black Americans are to be distinguished from other categories of black people in the country black Africans West Indians or Hispanics While Black people are members of the black race as are other groups of people they are a distinct ethnic group of that race This conceptual failure has hampered

the ability of historians to define Black experience in America and to study it in the most accurate authentic and realistic manner possible This confusing situation is aggravated further by the fact that many scholars tend to describe Black people in an arbitrary manner as Africans African Americans Afro Americans black or Black which is insufficient for precision They sometimes downplay the historical evidence regarding African identity and the identity of Blacks in America Wright offers a new methodological basis for undertaking Black history namely the framework of historical sociology He argues that this approach will produce a more useful history for Black people and others in America *Ethnicity and Inequality* Robert M. Jibou,1990-01-01 This book is a study of the relationship between ethnicity and socioeconomic status it is the first to empirically study both the white and nonwhite underclass Jibou uses United States census data on twenty ethnic groups including specific white groups and specific nonwhite groups Using the 1980 national census which contains information on ancestry for the first time Jibou demonstrates that it is possible to define ethnic groups in new ways such as drawing a distinction between race and ethnicity Ethnicity and Inequality tests numerous theories and examines several important questions for ethnic relations What is the demographic structure underlying the various groups How can ethnicity sex and inequality be explained Who gains from ethnic inequality The author concludes by outlining a way to draw the diversity of findings under a single theoretical umbrella *Ethnic Landscapes of America* John A. Cross,2017-06-19 This volume provides a comprehensive catalog of how various ethnic groups in the United States of America have differently shaped their cultural landscape Author John Cross links an overview of the spatial distributions of many of the ethnic populations of the United States with highly detailed discussions of specific local cultural landscapes associated with various ethnic groups This book provides coverage of several ethnic groups that were omitted from previous literature including Italian Americans Chinese Americans Japanese Americans and Arab Americans plus several smaller European ethnic populations The book is organized to provide an overview of each of the substantive ethnic landscapes in the United States Between its introduction and conclusion which looks towards the future the chapters on the various ethnic landscapes are arranged roughly in chronological order such that the timing of the earliest significant surviving landscape contribution determines the order the groups will be viewed Within each chapter the contemporary and historical spatial distribution of the ethnic groups are described the historical geography of the group s settlement is reviewed and the salient aspects of material culture that characterize or distinguish the group s ethnic landscape are discussed *Ethnic Landscapes of America* is designed for use in the classroom as a textbook or as a reader in a North American regional course or a cultural geography course This volume also can function as a detailed summary reference that should be of interest to geographers historians ethnic scholars other social scientists and the educated public who wish to understand the visible elements of material culture that various ethnic populations have created on the landscape *Media, Ethnicity, and Electoral Conflicts in Kenya* Jacinta Mwendu Maweu,2022-03-07 *Media Ethnicity and Electoral Conflicts in Kenya* critically examines the interplay between the media

ethnicity and electoral conflicts in Kenya Jacinta Mwendu Maweu analyzes the place of ethnicity in Kenyan politics and the key drivers of electoral conflicts as well as how ethnicity influences media framing of these conflicts in the Kenyan context Maweu argues that although there are many factors that can affect an electoral process and result in conflict and violence the role that the mainstream media and new media play is central As Maweu illustrates through various arguments politicians in Kenya and other deeply divided societies in Africa have continued to use mainstream and digital media to weaponize ethnicity as they invoke issues of belonging inclusion and exclusion By examining the role of both traditional and digital media in electoral conflicts Media Ethnicity and Electoral Conflicts in Kenya makes a significant contribution to the ongoing academic debate on the role of media in elections and electoral conflicts in Kenya and Africa **America's**

**Japanese Hostages** Thomas Connell,2002-07-30 Connell uncovers a little known World War II top secret program The United States demanded that Latin American governments deport or allow the United States to take anyone of Japanese ancestry and place them in camps in Texas and New Mexico The plan was to trade them for American civilians held by the Japanese Although Peru was the most enthusiastic participant in this program expelling nearly 5 000 Peruvian citizens of Japanese ancestry other Latin American countries participated as well Connell traces the reasons for prejudice and discrimination the specific programs and the post war efforts of those held in American relocation camps to secure restitution Through the wide use of oral interviews as well as documents Connell shows the very human side of this effort which in many ways parallels the discrimination Americans of Japanese ancestry faced during the war This book provides a thorough and intriguing story of interest to general readers as well as scholars students and other researchers involved with World War II and Latin American history **The West Aryans** John Clark Ridpath,1893 **The Secondary School**

**Population in Some of Its Social and Economic Relationships** Herman Marluk Wessel,1930 *Italian Americana* ,1976

**A Reference Handbook of the Medical Sciences Embracing the Entire Range of Scientific and Allied Sciences** Albert Henry Buck,1903 *The Jews* Maurice Fishberg,1911 **A Reference Handbook of the Medical Sciences Embracing the Entire Range of Scientific and Practical Medicine and Allied Science** ,1904 **The Independent** ,1901 *Lectures on Political Science* Annie Besant,1919 *Some Aspects of Boundary Settlement at the Peace Conference* Alan Grant Ogilvie,1922

**A Reference Handbook of the Medical Sciences** Albert Henry Buck,1914

**Annals of Eugenics** ,1928 **The Alienist and Neurologist** Charles Hamilton Hughes,1902
