An Evil Cradling:

An Evil Cradling Brian Keenan,1993 This riveting soul wrenching account of captivity earned accolades from critics and shot to 1 on British bestseller lists With ruthless honesty and poetic insight Keenan evokes the psychic claustrophobia of the hostage and the uncommon gift of a deeper appreciation of love Evil Cradling Brian Elkner,1995 *An Evil Cradling* Brian Keenan,1994-08-01 This brilliantly written account by a former Middle East hostage was a 1 bestseller in Britain and served as the inspiration for the acclaimed Broadway hit *Someone Who ll Watch Over Me* Conveys the surrealism of the ordeal the loss of control and melting of identity that come with realizing you are a pawn in someone else s game Time

I'll Tell Me Ma Brian Keenan,2011-05-31 Local rather than international the dramas and privations described in this memoir are not the stuff of headlines This is the story of an ordinary boy growing up in Belfast after the war an ordinary boy who would go on to become world famous as a hostage in Beirut and author of the extraordinary testimony of imprisonment and survival that was *An Evil Cradling* Brian Keenan has captured the vanished world of 1950s Belfast in all its vivid vernacular and grey post war austerity I ll Tell Me Ma is an affectionate story of a disaffected childhood At the centre is a shy self conscious boy of unusual moral integrity a boy puzzled by religion and sectarianism in love with books and music and full of curiosity about the world outside It is also a book about coming to terms with the past a resounding thrilling record of redemption Explorations in Reconciliation David Tombs,Joseph Liechty,2006 Theologians and scholars of religion draw on rich resources to address the complex issues raised by political reconciliation in the Middle East the former Yugoslavia South Africa Northern Ireland and elsewhere The questions addressed include Can truth set a person or a society free How is political forgiveness possible Are political personal and spiritual reconciliation essentially related Explorations in Reconciliation brings Catholic Protestant Mennonite Jewish and Islamic perspectives together within a single volume to present some of the most relevant theological work today **A Concordance of the Qur'an** Hanna E. Kassis,2023-11-03 From the Foreword This Concordance of the Qur an in English satisfies a paramount need of those and there are millions of them who have no command of the Arabic language and yet desire to understand the Qur an The benefit derivable from English translations of the Sacred Book is in principle limited because first the Qur an is not a book but a collection of passages revealed to Muhammad over a period of about twenty three years and second because the Qur an is not really translatable This does not mean that the Qur an should not be translated It does mean that translations lose much in tone and nuance let alone the incommunicable beauty grandeur and grace of the original The main distinction of Hana Kassis s concordance in my view is that it utilizes the semantic structure of Arabic vocabulary itself in revealing the meaning of the Qur an on any given issue point or concept A reader who looks in the index of this concordance for a word which he has encountered in reading an English translation of the Qur an the word pride for example is directed immediately to the roots of the Arabic Qur anic terms for pride At tne entries for these Arabic roots all the derivative forms are shown and the verses

of the Qur'an in which they appear are there listed in translation I am confident that any person who is sincerely interested in understanding the Qur'an and appreciating the nuances of its diction and shades of its meaning can satisfy his need more fully with this book than in any way short of developing a real command over the Arabic language itself Fazlur Rahman Professor of Islamic Thought University of Chicago From the Foreword This Concordance of the Qur'an in English satisfies a paramount need of those and there are millions of them who have no command of the Arabic language and yet desire to understand the Qur'an The benefit derivab *Betraying Our Selves* NA NA,2016-04-30 This is a lively study of the autobiographical instinct in a variety of 16th and 17th century modes of writing in English from letters and memoirs to pastoral polemic and street ballads The book's central concern is how selves are betrayed in texts particularly in the centuries before the autobiography was a recognized genre It suggests that self representation in the early modern period was often indirect emerging in oblique and surprising ways **Ritual Abuse and Mind Control** Orit

Badouk-Epstein, Joseph Schwartz, Rachel Wingfield Schwartz,2018-03-22 People who have survived ritual abuse or mind control experiments have often been silenced accused of lying mocked and disbelieved Clinicians working with survivors often find themselves isolated facing the same levels of disbelief and denial from other professionals within the mental health field This report based on proceedings from a conference on the subject presents knowledge and experience from both clinicians and survivors to promote understanding and recovery from organized and ritual abuse mind control and programming The book combines clinical presentations survivors voices and research material to help address the ways in which we can work clinically with mind control and cult programming from the perspective of relational psychotherapy

Subjectivity Ruth Robbins,2005-04-20 Who do you think you are In *Subjectivity* Ruth Robbins explores some of the responses to this fundamental question In readings of a number of autobiographical texts from the last three centuries Robbins offers an approachable account of formations of the self which demonstrates that both psychology and material conditions often in tension with one another are the building blocks of modern notions of selfhood Key texts studied include William Wordsworth's *Prelude* Thomas De Quincey's *Confessions of an English Opium Eater* James Joyce's *A Portrait of the Artist as a Young Man* Oscar Wilde's *De Profundis* Jung Chang's *Wild Swans* Robbins also argues that our subjectivity far from being the secure possession of the individual is potentially fragile and contingent She shows that the versions of subjectivity authorized by the dominant culture are full of gaps and blindspots that undo any notion of universal human nature subjectivity is culturally and historically specific we are in part what the culture in which we live permits us to be Concise and easy to follow this introduction to the concept of subjectivity and the theories surrounding it shows that in spite of the insecurity of selfhood there is still much to be gained from the textual encounter with other selves It is essential reading for all those studying autobiography or autobiographical writing **Contexts for Frank McGuinness's Drama** Helen Lojek,2004 *Contexts for Frank McGuinness's Drama* is the most complete consideration of the playwright yet

published including discussion of his original stage work through *Gates of Gold* 2002 and highlighting the connections between McGuinness's creativity and the biographical geographical social and literary factors that have shaped his world
