Patent and Trademark Office,2012-03 **Metamorphic Imagery in Ancient Chinese Art and Religion** Elizabeth Childs-Johnson,John S Major,2023-05-30 Metamorphic Imagery in Ancient Chinese Art and Religion demonstrates that the concept of metamorphism was central to ancient Chinese religious belief and practices from at least the late Neolithic period through the Warring States Period of the Zhou dynasty Central to the authors argument is the ubiquitous motif in early Chinese figurative art the metamorphic power mask While the motif underwent stylistic variation over time its formal properties remained stable underscoring the image s ongoing religious centrality It symbolized the metamorphosis through the phenomenon of death of royal personages from living humans to deceased ancestors who required worship and sacrificial offerings Treated with deference and respect the royal ancestors lent support to their living descendants ratifying and upholding their rule neglected they became dangerous even malevolent Employing a multidisciplinary approach that integrates archaeologically recovered objects with literary evidence from oracle bone and bronze inscriptions to canonical texts all situated in the appropriate historical context the study presents detailed analyses of form and style and of change over time observing the importance of relationality and the dynamic between imagery materials and affects This book is a significant publication in the field of early China studies presenting an integrated conception of ancient art and religion that surpasses any other work now available *4th body* VASUDEV,2023-06-08 The 4th Body is not some spooky subject It s a philosophical take emphasizing the fourth body that almost everyone neglects and under utilizes It s like you have a million dollar bank account in some unknown place This book has answers to many essential life questions that people may have This book will help tune you to experience the divine vibration that is both fulfilling and healing it can potentially trigger the transcendental space within the reader creating meditateness that heals the mind and opens up the SPACE of enlightenment Each sentence when understood as how the author intended it has the potential to blow away one s limiting self There are four dimensions of our presence and we can sense them at any time Physical Energy thinking Awareness Recognizing these bodies increases self awareness and breaks the limitation of us functioning as just the body emotion and mind which are individualized images of the Self Our true power is kept in our 4th body I humbly and gracefully say that this book in my opinion is optimistic and providential It is experiential and offers more to the right souls who read the ideas correctly and with the right mindset The content of this book came out of a flow during moments of deep connection as if it were meant for a particular group of people Often the author was surprised by the clarity that flowed into these moments and at times sat in shock because the insights were directly opposite to his beliefs and ways of doing things

He is fully convinced that the material belongs to the Universe and was intuited to him for his evolution and that of others. Often he was inspired by his materials as if they were not his. The author experienced many awakening moments while channelling the wisdom shared in this book. A state of vibration known as the Divine vibration is something our soul searches for naturally. It is fulfilling and is placed at the highest rank as a highly positive experience by our core self. Divine Vibration is everywhere. All we need to do to experience it is to tune in to that vibration. We have a powerful tuning machine called the mind. This mind can tune in to any vibration from revenge to love, grief to bliss, poverty to prosperity and demonic to divine. We must be skilled enough to steer it in the right direction. This book will help tune you to experience the divine vibration that is both fulfilling and healing. I could feel the transmission of divine energy through the words and ideas presented here. If you are reading this book and feeling the auspiciousness, then it is meant for you. Please be in the right frame of mind to receive it. How? Why? This book was born from the author's direct experiences and deep contemplations that led to deep insights during special moments in his life. It also has a compilation of materials shared in a monthly Mind Purification Study Circle that the author has conducted since 2010. The idea flow originated from moments of profound clarity that surfaced with high conviction and authenticity. The author was long involved in philosophy and self-knowledge, which in a way ordained him to guide others on matters of the mind/self. Many seek guidance from him on life issues and mind matters, and he has helped provide greater clarity, wisdom, and the proper counsel that elevated them. The author believes that an element called Life Intelligence is unfolding itself to its parts through the readers through its terminal author to know itself as it is timely. What is it about? This book can potentially trigger the transcendental space within the reader, creating meditateness that heals the mind and opens up the SPACE of enlightenment. Enlightenment here means a state of clarity or the dispelling of illusion. This book is not about TRUTH. Words are not only inadequate to talk about TRUTH, but it is simply impossible. It is just a translator.

Vasu Dev PUBLISHER TEKTIME The Open Court Paul Carus, 1921 vols 46-47 have special title New Orient Society monograph **The Three Christs of Ypsilanti** Milton Rokeach, 2011-04-19 NOW A MAJOR MOTION PICTURE. This landmark case study of three schizophrenic patients offers a rare and eccentric journey into madness, shining a light on the ethical dilemmas of institutionalized care in the mid-20th century. On July 1, 1959, at Ypsilanti State Hospital in Michigan, the social psychologist Milton Rokeach brought together three paranoid schizophrenics: Clyde Benson, an elderly farmer and alcoholic; Joseph Cassel, a failed writer who was institutionalized after increasingly violent behavior toward his family; and Leon Gabor, a college dropout and veteran of World War II. The men had one thing in common: each believed himself to be Jesus Christ. Their extraordinary meeting and the two years they spent in one another's company serves as the basis for an investigation into the nature of human identity, belief, and delusion that is poignant, amusing, and at times disturbing. Displaying the sympathy and subtlety of a gifted novelist, Rokeach draws us into the lives of three troubled and profoundly different men who find themselves confronted with the ultimate contradiction conceivable for human beings: more than one
