The Hymns of the Rigveda Ralph Thomas

Hotchkiss Griffith, 1890 The Hymns of the Rigveda, 1892 **The Vedic Origins of Karma** Herman W. Tull, 1989-08-15

In this book the author seeks access to Karma's origins by following several clues suggested by the doctrine's earliest formulation in the Upanishads circa 600-500 B.C. These clues lead back to the mythical and ritual structures firmly established in the Brahmana texts, texts concerned with the rituals that chronologically and conceptually precede the Upanishads. The rise of the karma doctrine is tied to the increasing dominance in late Vedic thought of the cosmic man Purusa Prajapati mythology and its ritual analogue the building of the fire altar agnicayana.
