Cosmos And Creatoros:

The Cosmos and the Creator David Fergusson,1998 The need to position Christianity in relation to other religions notably Judaism and Islam has brought about renewed interest in the theme of creation which has been off the theological agenda for much of this century Environmentalists biologists feminists and process theologians have all registered concerns from their particular standpoints about the way the traditional doctrine of creation characterises the relationship between the cosmos and its creator The holism of the New Age and its resonance with eastern patterns of thought seems to offer something radically different from the Judaeo Christian understanding of creation In the light of these concerns the author argues for the doctrine of creation as a distinctively Christian article of faith In recognising at the the same time that criticisms made of its traditional formulations must be properly acknowledged and accommodated the author is able to use the best insights from secular disciplines to construct a theology of creation which is truly responsible [The Marriage of Science and the Bible](#) David Berg,2020-05-04 The Marriage of Science and the Bible is an adventure in new concepts I invite you to explore them with me We will investigate God s scientific credentials We will witness his authority over physical science We will see how he is applying the logic of science to human history Our Creator introduced the scientific method Examining his predictions hypotheses we can judge their accuracy across 4 000 years of human history Evaluate use of science of history Begin with secrets of the universe revealed long before modern satellites Inspect a mathematically specific prediction of the coming of Jesus Christ Does the Creator speak in absolutes Does absolute truth exist Consider the complexity of predicting the themes of history and future events No man can do it Recognize the unparalleled importance of God s expansion of science Discover Jesus s description of biblical biology biblical physics and biblical chemistry in God s design for human life Consider why the availability of the Bible in the languages of Northern Europe resulted in the birth of modern science Follow the flaw in human philosophy to Darwin s theory Is it important that astrophysicists are linking the biblical account of creation with twentieth and twenty first century scientific discoveries Personally confirm the science of history by viewing God s hypotheses and current events in Israel Discover the purpose of human history It s an adventure in reality [Cosmos and Diacosmos](#) Denton Jaques Snider,1909 [The Rosicrucian Cosmo-conception; Or, Mystic Christianity, an Elementary Treatise Upon Man's Past Evolution, Present Constitution and Future Development](#) Max Heindel,1929 *The Rosicrucian Cosmo-conception, Or, Mystic Christianity* Max Heindel,1911 **The Rosicrucian Cosmo-Conception** Max Heindel,1911 *Enchanted by Eternity* William J.
