Counseling And Accountability Methods And Critique:

Counseling and Accountability Harman D. Burck, Harold F. Cottingham, Robert C. Reardon, 2016-06-06 *Counseling and Accountability Methods and Critique* is written to present the concerns regarding the methodological problems and strategies of counseling and psychotherapy research This text first discusses conceptual foundations and then presents various research articles and critiques on the subject In discussing the conceptual foundations this book explains the considerations in doing research in the field of counseling and psychotherapy Discussions include the research design sampling and future of the research The second part which is comprised of the articles and critiques include papers on counseling people facing problems related to premarital sex identity issues and phobia This book concludes by presenting papers such as on the effects of counseling vicarious therapy and feedback as well as on teaching internalization behavior to clients This publication will be invaluable to students and experts in counseling psychology and psychiatry

Physical Disability and Human Behavior James W. McDaniel, 2013-10-22 *Physical Disability and Human Behavior* Second Edition presents the theoretical foundations of disability and behavior This book is divided into seven chapters that address the developmental consequences of brain injuries This book covers the bases of attitudes toward the disabled emotional reactions to illness and disability adolescent development and personality depression and denial situational stresses of illness applicable perceptual theories family attitudes and relationships and studies in rheumatoid arthritis Other chapters consider the analysis of Parson s Social Role Theory and the attitudes of employers towards the disabled These topics are followed by discussions of the principles of somatopsychology and the social isolation and restricted mobility A chapter is devoted to the influence of emotional arousal in rehabilitation The concluding chapter focuses on the relation of physical changes to emotional behavior The book can provide useful information to psychologists therapists students and researchers

Interpersonal Communication Kurt Danziger, 2013-10-22 *Interpersonal Communication* emphasizes the significance of reciprocal influence processes in face to face interactions This book examines the various aspects of human interaction Organized into 10 chapters this book begins with an overview of the techniques that salesmen use to obtain compliance from customers This text then examines certain situations of deliberate interpersonal manipulation which reveals that internalized components of personal identity and self esteem are more vulnerable to face to face communication Other chapters consider the distinction between two basically different functions of human communications namely the functions of representation and of presentation This book discusses as well the forms of social address that provides interesting examples of how the presentational function of communication expresses itself by means of a linguistic medium The final chapter deals with the fundamental assumptions on which one s investigation depends This book is a valuable resource for psychologists and social psychologists Readers interested in the study of sociolinguistics will also find this book useful
