Dictionary Catalog of the Music Collection New York Public Library. Reference Department,1964

Bird Chuck Haddix,2013-09-30 Saxophone virtuoso Charlie Bird Parker began playing professionally in his early teens became a heroin addict at 16 changed the course of music and then died when only 34 years old His friend Robert Reisner observed Parker in the brief span of his life crowded more living into it than any other human being Like Louis Armstrong Duke Ellington Miles Davis and John Coltrane he was a transitional composer and improviser who ushered in a new era of jazz by pioneering bebop and influenced subsequent generations of musicians Meticulously researched and written *Bird The Life and Music of Charlie Parker* tells the story of his life music and career This new biography artfully weaves together firsthand accounts from those who knew him with new information about his life and career to create a compelling narrative portrait of a tragic genius While other books about Parker have focused primarily on his music and recordings this portrait reveals the troubled man behind the music illustrating how his addictions and struggles with mental health affected his life and career He was alternatively generous and miserly a loving husband and father at home but an incorrigible philanderer on the road and a chronic addict who lectured younger musicians about the dangers of drugs Above all he was a musician who overcame humiliation disappointment and a life threatening car wreck to take wing as Bird a brilliant improviser and composer With in depth research into previously overlooked sources and illustrated with several never before seen images *Bird The Life and Music of Charlie Parker* corrects much of the misinformation and myth about one of the most influential musicians of the twentieth century

Good Morning Blues Count Basie,Albert Murray,2002-04-18 One of the great jazz memoirs

Healy,Kimberly Lansinger Ankney,2020-07-15 Music Discovery Improvisation for the Large Ensemble and Music Classroom is a practical guide for teachers who want to develop their students improvisational skills It features both an overview of current research and 36 new learning activities in a wide variety of musical styles

Revolutionizing

Children's Records David Bonner, 2007-11-26 Young People's Records and Children's Record Guild were the first commercially significant record clubs in the world. By applying proven book club methods to the field of phonograph records, these two related companies attracted some hundred thousand subscribers at their peak and serviced perhaps a million members in their existence. Revolutionizing Children's Records: The Young People's Records and Children's Record Guild Series 1946-1977 tells the history of YPR/CRG, explaining how these two labels intersected important developments in the histories of mass marketing, recording technology, educational philosophy, folk music, contemporary composition, and Cold War politics. David Bonner covers in detail the history of YPR/CRG, tracing its influences back to the beginnings of music education in the 19th Century and incorporating the impact of the American folk music revival on music educators. The narrative follows the career paths of the company principals, such as its progressive founder Horace Grenell, the musicians who recorded for him like American folk music revival pioneer Tom Glazer, and the record industry offshoots they created in the process. Bonner considers advances the club made in recording technology as the first record label devoted exclusively to unbreakable vinyl discs and provides a comprehensive summary of record club marketing, including the application of music appreciation to phonograph records. He also charts the commercial, critical, and political response to these endeavors, including an historical footnote to the Red Scare unavailable in existing Cold War literature. A complete and detailed discography listing every YPR and CRG recording, including all known writers and performers, concludes this excellent reference for scholars, nostalgists, and phonographic fanatics.

Jazz Paul Tanner, David W. McGill, Maurice Gerow, 2005. Accompanying CD-ROM contains demonstration recordings to illustrate jazz styles, instrument film clips, flashcards to review key terms, timelines, matching quizzes. Page 4 of cover.

Frank Sinatra Jeanne Fuchs, Ruth Prigozy, 2007. A celebration of Sinatra's enduring impact on American entertainment and cultural life. For nearly sixty years, Frank Sinatra (1915-1998) triumphed in concert, in the recording studio, on television, and on the big screen, refashioning his image to suit the temper of the times. Sinatra did it his way, remaining both elusive and alluring, and appealing to men and women alike. This collection analyzes the qualities that ensured Sinatra's staying power: his impeccable musicality, his charisma, his tough-mindedness, and even his peccadilloes. The contributors to this volume evaluate Sinatra's impact on all areas of entertainment and examine many of the cultural forces he influenced and was influenced by, including Bing Crosby, Elvis, the Beats, the Beatles, and Rock n Roll. What emerges is a portrait of an artist, entertainment icon, and legendary symbol of popular culture. This appreciation of the Sinatra phenomenon celebrates his enduring impact on American entertainment and cultural life. Contributors: Blaine Allan, Samuel L. Chell, David Finck, Joseph Fioravanti, Jeanne Fuchs, Philip Furia, Roger Gilbert, Ruth Prigozy, Walter Raubicheck, Lisa Jo Sagolla, Ron Simon, Arnold Jay Smith, James F. Smith, Patric M. Verrone, David Wild. Jeanne Fuchs is Professor Emerita of Comparative Literature and Languages at Hofstra University. Ruth Prigozy is Professor of English at Hofstra University.
