Counter Tradition Sheila Delany,1971      Generations of Youth Joe Alan Austin,Michael Nevin Willard,Michael Willard,1998-06 Contains twenty six chronologically arranged essays in which social historians and American cultural studies scholars examine American youth and youth cultures over the course of the twentieth century      **Encyclopedia of Postcolonial Studies** John Charles Hawley,2001-09-30 The collapse of empires has resulted in a remarkable flourishing of indigenous cultures in former colonies The end of the colonial era has also witnessed a renaissance of creativity in the postcolonial world as modern writers embrace their heritage The experience of postcoloniality has also drawn the attention of academics from various disciplines and has given rise to a growing body of scholarship This reference work overviews the present state of postcolonial studies and offers a refreshingly polyphonic treatment of the effects of globalization on literary studies in the 21st century The volume includes more than 150 alphabetically arranged entries on postcolonial studies around the world Entries on individual authors provide brief biographical details but primarily examine the author s handling of postcolonial themes So too entries on theoreticians offer background information and summarize the person s contributions to critical thought Entries on national literatures explore the history of postcoloniality and the ways in which writers have broadly engaged their legacy while those on important topics discuss the theoretical origin and current ramifications of key concepts in postcolonial studies Cross references and cited works for further reading are included while a comprehensive bibliography concludes the volume      **Flannery O'Connor** R. Neil Scott,2002      Material Culture and Women's Religious Experience in Antiquity Carolyn Osiek,Catherine Gines Taylor,Mark D. Ellison,2021-09-27 How can material artifacts help illuminate the religious lives of women in antiquity In what ways do archaeological and art historical studies recover women s religious perspectives and experiences that the literary record misses or underrepresents The authors of the essays in this volume set out to answer such questions in fascinating new case studies of women and ancient religions in the Near East and Mediterranean world They cover a broad historical geographic and religious spectrum as they explore women s lives from the time of ancient Egypt in the second millennium BCE into the early medieval period from the Syrian Desert to Western Europe in the religious traditions of Egypt Canaan Greece Rome ancient Israel early Judaism and early Christianity Working at the intersections of religion archaeology art history and women s history these authors make fresh contributions to interdisciplinary studies and their essays will be of interest to students and scholars across these academic fields      **Love and Women in Early Chinese Fiction** Daniel Hsieh,2009-03-02 In traditional China upper class literati were inevitably strongly influenced by Confucian doctrine and rarely touched upon such topics as love and women in their writings It was not until the mid Tang a generation or two after the An Lushan rebellion that literary circles began to engage in overt discussion of the issues of love and women through the use of the newly emerging genres of zhiguai and chuanqi fiction The debate was carried out with an unprecedented enthusiasm since the topics were considered to be the key

to understanding the crisis in Chinese civilization This book examines the repertoire of chuanqi and zhiguai written during the Six Dynasties and Tang periods and analyzes the key themes topics and approaches found in these tales which range from expressions of male fantasy sympathy fear and anxiety to philosophical debate on the place of the feminine in patriarchal Chinese society Many of these stories reflect tensions between masculine and feminine aspects of civilization as seen for example in the conflict of male aspiration and female desire as well as the ultimate longing for reconciliation of these divisions These stories form a crucial chapter in the history of love in China and would provide much of the foundation for further explorations during the late imperial period as seen in seminal works such as *The Peony Pavilion* and *Dream of the Red Chamber* Counter Tradition Paper Sheila Delany,1971-05-06 A reader that seeks to help teach composition and style by drawing on the rhetoric of social critics
