however it s not just a dukedom on the line but the very future of the country as a hunt for a traitor turns deadly How can he be expected to concentrate on such stakes when there s a brilliant quirky scientist in his bed offering him her cooperation in exchange for satisfying her curiosity Warning If sinful bargains nerdy heroines and gruff heroes aren t your thing you re in the wrong place This one is smoking hot full of fun characters and possibly too many felines and laugh out loud hilarious Promise
