Counting On Kindness The Dilemmas Of Dependency:

Counting On Kindness Wendy Lustbader, 2010-05-11 Seattle mental health counselor Lustbader here compels attention to and sympathy for those who must rely on caregivers for their needs Stories are related by patients themselves From incapacitated men and women we learn of the humiliations caused by the loss of autonomy of the frustrations at not being able to manage on one's own Accounts from widely different sorts of patients and those who begrudgingly or willingly see to their care provide graphic lessons in sensitivity *Caring for You, Caring for Me* David H. Haigler, Kathryn B. Mims, Jack A. Nottingham, 1998 Caring for persons with chronic illnesses or disabilities is a rewarding endeavor but it often places extreme demands on those providing care Caregivers need both education and support to understand their caregiving roles and to cope with the difficult situations they face All too often there is a chasm between professionals who are part of the formal caregiving system and family members friends and neighbors who provide daily care The Caring for You Caring for Me education and support program is a valuable tool for use in providing caregivers with education and support The program is designed to bring formal professional and informal lay family caregivers together to gain a better understanding of each other's perspectives on what it means to be a caregiver with the hope that in the process both will learn to do it better The program is based on caregiving research and the expertise of frontline caregivers The Leader's Guide contains everything needed to conduct a ten hour education and support program for caregivers informational content layouts for overhead transparencies and suggested group activities The companion Participant's Manual supports the presentation providing a workbook for class activities a suggested reading list and a compendium of national sources of help for caregivers Caring for You Caring for Me was developed by the Rosalynn Carter Institute under the guidance of the West Central Georgia Caregivers Network CARE NET The Rosalynn Carter Institute was established in 1987 Its mission is to understand the process of caregiving and discover new ways to benefit both formal and informal caregivers The Institute supports the premise that caregivers and care receivers can be served most effectively through the collaborative efforts of formal and informal caregivers academicians public and private services and organizations representing caregivers and recipients of care **Opening the Door to Elder Abuse**, 1996 **Opening the Door on Elder Abuse**, 1996 **Ageing**, 1990 *The Essential Spirit* Donald R. Koepke, 2016-01-19 Everyone who provides services to older adults believes in the biomedical model that addresses the body mind and spirit of their clients On the whole service providers be they long term care professionals academics social workers program professionals counselors or even clergy are quite adept at dealing with the body and the mind But few understand the essential role of the client's spiritual perspective which can enhance and make their services and ministries more effective The Essential Spirit provides such a viewpoint 1 by exploring a definition of spirituality that is inclusive of both religious and non religious understandings and 2 addressing the viewpoints of professionals from a variety of viewpoints Recognizing that the experience of spirituality is personal and qualitative The

Essential Spirit adds another voice to the ongoing dialogue among professionals and clergy *The Delicate Balance* Berit Ingersoll-Dayton, Ruth Campbell, 2001 *The Delicate Balance* is a unique and insightful resource for gerontological professionals and students Discover valuable and poignant lessons in these first hand accounts of the diverse therapeutic relationships encountered when counseling older adults Case studies range from traditional to in home to facility based settings serving individuals couples groups or whole family and community systems Counseling services range from self discovery courses to formal cognitive restructuring therapy to substance abuse interventions to care management

Surviving Dependence Mary M. Ball, Frank J. Whittington, 1995 To date there has not been a clear look at the home care experience of older African Americans *Surviving Dependence* Voices of African American Elders attempts to meet the need for recording and interpreting the ordinary life of elderly African Americans on their own terms in their own surroundings and in so far as possible in their own words Ball and Whittington's research is unique in two ways it focuses on older people who are African American and poor and it describes the viewpoint of care recipients and their relationships with the public programs designed to help them This book provides an in depth view of the experiences of these seven frail elders as both care receivers and as active participants in their own care The two primary themes the significant disabilities that often accompany old age and the tenacious will and ability to cope possessed by our informants are reflected in the title *Surviving Dependence* **Disability Studies Quarterly**, 1990 *Handbook of Aging and the Social Sciences* Robert H.
