Country Between Us:

The Country Between Us Carolyn Forché, 1983 The book opens with a series of poems about El Salvador where Forché worked as a journalist and was closely involved with the political struggle in that tortured country in the late 1970s Forché's other poems also tend to be personal immediate and moving Perhaps the final effect of her poetry is the image of a sensitive brave and engaged young woman who has made her life a journey She has already traveled to many places as these poems indicate but beyond that is the sense of someone who is in Ignazio Silone's words coming from far and going far *An American Politician* Francis Marion Crawford, 1884 American Poets and Poetry Jeffrey Gray, Mary McAleer Balkun, James McCorkle, 2015-03-10 The ethnically diverse scope broad chronological coverage and mix of biographical critical historical political and cultural entries make this the most useful and exciting poetry reference of its kind for students today American poetry springs up out of all walks of life its poems are maternal as well as paternal stuff'd with the stuff that is coarse and stuff'd with the stuff that is fine as Walt Whitman wrote adding Of every hue and caste am I of every rank and religion Written for high school and undergraduate students this two volume encyclopedia covers U S poetry from the Colonial era to the present offering full treatments of hundreds of key poets of the American canon What sets this reference apart is that it also discusses events movements schools and poetic approaches placing poets in their social historical political cultural and critical contexts and showing how their works mirror the eras in which they were written Readers will learn about surrealism ekphrastic poetry pastoral elegy the Black Mountain poets and language poetry There are long and rich entries on modernism and postmodernism as well as entries related to the formal and technical dimensions of American poetry Particular attention is paid to women poets and poets from various ethnic groups Poets such as Amiri Baraka Nathaniel Mackey Natasha Trethewey and Tracy Smith are featured The encyclopedia also contains entries on a wide selection of Latino and Native American poets and substantial coverage of the avant garde and experimental movements and provides sidebars that illuminate key points The Debates and Proceedings in the Congress of the United States United States. Congress, 1852 The Country Between Us Carolyn Forché, 2019-03-28 Carolyn Forché's *The Country Between Us* bears witness to what she saw in El Salvador in the late 1970s travelling around a country erupting into civil war Briefly available from Jonathan Cape in the 1980s it is now reissued by Bloodaxe to coincide with the publication of Forché's long awaited memoir of those times *What You Have Heard Is True* from Penguin Country Correspondence, Military Department, 1753-[1758]. governments and their policymakers With an unprecedented ability to adjust the scale character and location of their global operations international corporations have become increasingly sensitive to the kind and degree of tax obligations imposed on them by both host and home countries Tax rules affect the volume of foreign direct investment corporate borrowing transfer pricing dividend and royalty payments and research and development National governments that tax the profits of international firms face important challenges in designing tax policies to attract them This collection examines the global ramifications of tax policies offering up to date theoretically innovative and empirically sound perspectives on a problem of immense significance to future economic growth around the globe
