Discovering Language With Children:

Discovering Language with Children Gay Su Pinnell,1980 Based on an examination of research on the language acquisition of children the articles in this book are organized into three interrelated sections Section one Language and the Young Language Learner focuses on what and how children learn as they begin to acquire their language The topic of language differences is also explored Articles in section two Language Growth in Educational Environments center on creating in the school environment a context that will foster the further language development of children Some articles focus on the beginnings of reading and writing in the very young child others present implications for language arts education speaking reading writing applicable to the full range of students in the elementary school The final section Evaluation in Language Education deals with techniques and issues related to accountability in the language arts and points to new directions in the search for information about how children learn and develop language HO   Resources in Education ,1981-03   **Research Methods in Child Language** Erika Hoff,2011-09-06 This is a comprehensive and accessible guide to the methods researchers use to study child language written by experienced scholars in the study of language development Presents a comprehensive survey of laboratory and naturalistic techniques used in the study of different domains of language age ranges and populations and explains the questions addressed by each technique Presents new research methods such as the use of functional Near Infrared Spectroscopy fNIRS to study the activity of the brain Expands on more traditional research methods such as collection transcription and coding of speech samples that have been transformed by new hardware and software   *Exploring Language and Linguistics* Natalie Braber,Louise Cummings,Liz Morrish,2015-09-03 Introduces the key concepts of linguistics and applies these concepts to real world settings Numerous learning features provide extensive student support   **Discovering Language: An Introduction to Linguistics for Students in Taiwan** Thomas Nash,2013-04-01   **Researching Literate Lives** Jerome C. Harste,2020-10-01 In the World Library of Educationalists series international experts themselves compile career long collections of what they judge to be their finest pieces extracts from books key articles salient research findings major theoretical and practical contributions so the world can read them in a single manageable volume Readers will be able to follow the themes and strands and see how their work contributes to the development of the field This volume brings together articles essays poetry and artwork from Jerome C Harste s extensive career across the field of literacy studies This book addresses his contributions to early literacy reading comprehension ways of knowing inquiry based education and creating critical classrooms among other topics in his characteristically whimsical tone Following the chronology of his career each section of the book reflects an important theme of Harste s work and documents the impact of his contributions on the field Combining his key articles with historical notes fun facts and professional tips Harste tells stories about encounters with colleagues and covers everything from seminars he developed and taught the importance of collaboration how his thinking and teaching have grown and evolved ways his

scholarship was enhanced through participation in professional organizations as well as pithy words of advice for fellow scholars The articles in this collection trace the development of a thought collective which Harste helped create and which continues to shape research and practice in the field of literacy education   Language and Learning Terry Piper,2003 For ESL and Elementary Language Development courses Once again this comprehensive easy to read text explores the way in which children learn language the way language is taught to children and how these two roads to language sometimes diverge always giving equal treatment to first and second language learning Piper tracks language acquisition from birth through the school years presenting numerous cases studies of children s experiences as a means of illustrating stages of language development and the sequence of skills attainment In addition she thoroughly covers bilingualism paying particular attention to the differences between second language learning at home and in a school setting   **Discovery** ,1920
