Discovering The Outdoors:

Exploring Outdoors Ages 3-11 Helen Bilton, Anne Crook, 2016-01-22 Exploring Outdoors Ages 3-11 is an essential guide on how to encourage children's learning and support their development through year-round outdoor exploration. It follows one primary school through an entire academic year capturing the challenges, discoveries, and joys of children and adults co-exploring outdoors together. This unique book covers all aspects of outdoor practice from setting up and maintaining an outdoor site to the boundaries, support, and effective communication that will help to create a safe and happy environment. It traces each term of the year and focuses on the importance of role play and imaginative learning, planning activities for all weather conditions, and how the National Curriculum can be applied to outdoor exploring. Features include: Step-by-step guides on how to set up an outdoor site; Advice on how to observe and record children's learning and development outdoors; Real-life case studies of children exploring outdoors from EYFS through to the end of Key Stage 2; Over 100 full photographs to illustrate how outdoor exploring can encourage children's learning and development; Practical tips and ideas for outdoor activities throughout the year; An eResource with useful checklists, templates, and pro forma available to download. Exploring Outdoors Ages 3-11 is essential reading for all those passionate about working outside who want to build confidence and develop their ability to co-explore with children. **Let's Play Outdoors!** Catherine Ard, 2020 A book that encourages children to go and play outside and discover what nature has to offer. Leave the house and roam into the nature. It is a fascinating place waiting to be conquered by little ones with curious minds. Whether in the garden, park, or a nearby forest, a closer look at nature will draw out budding architects, their first constructions built from stones, branches, and leaves. A thorough investigation of trees will reveal all kinds of insects, and listening to the animals around will teach their sounds. Let's Play Outdoors is for a new generation of environmentally conscious children, showing them how to interact with their surroundings in a meaningful way. The activities suggested inspire independent learning about animals, plants, and the weather, as well as how to look after the world. *Exploring Nature Journal for Kids* Kim Andrews, 2019-05-28 Just for kids. A guided nature journal to see, write, and sketch every discovery. Wild creatures, cloud formations, plant habitats, and more. Nature is full of wonders to behold and explore. In this nature journal, young naturalists will get all of the guidance they need to study and record their experiences of the natural world. From developing observational skills to sketching and using all senses, Exploring Nature Journal for Kids encourages curious minds to think creatively and scientifically about the world around them. Complete with activity prompts and journaling ideas, this book is a must-have to make every outdoor adventure an opportunity for discovery. The Exploring Nature Journal for Kids includes Nature Journal 101: Teach kids how to hone their powers of observation with essential guidance for taking field notes, using descriptive language, drawing, and reflecting on what they've seen. Handy Guidance: Get inspiration for outings, journaling ideas to spark writing, along with clues for what to look for and where.
