Elizabeth A. Ford, Deborah C. Mitchell

Disney Cinderella:

The Idea of Nature in Disney Animation David S. Whitley, 2008 David Whitley's compelling study complicates our understanding of the classic Disney canon by focusing on the way images of the natural world are mediated within popular art for children He examines a range of Disney's feature animations from Snow White to Finding Nemo to show that even as the films communicate the central ideologies of their times they also express the ambiguities and tensions that underlie these dominant values

Disney's Cinderella's Party Clothes Cathy Hapka, 1997 Cinderella dresses up using her stepsisters' clothes

Cinderella (Disney Classic) Jane Werner, 2013-11-27 The original Little Golden Book from the 1940s featuring Walt Disney's Cinderella is back This enchanting fairy tale is beautifully rendered with vintage artwork bringing Cinderella and her cruel stepsisters to life

Walt Disney Productions Presents Cinderella's Busy Birthday, 1985 When her stepsisters and stepmother provide more chores for Cinderella to do on her birthday some friendly mice come to her aid

Walt Disney's Cinderella Cynthia Rylant, 2015-01-27 This is a story about darkness and light about sorrow and joy about something lost and something found This is a story about love Cinderella's story has been told over and over but never has it been touched by the kind of magic created by the contributors of this book Mary Blair painted the original pictures for Walt Disney's incomparable animated film and here her elegant art is gathered together as a picture book Cynthia Rylant's stories about hardscrabble lives have won not only awards and honors but hearts Who better to take a young girl from the darkness of her garret room to the light and brilliance of a ballroom Together these two great artists have created something quite astonishing a Cinderella that is breathtaking heartrending and joyous both for those who are coming to the tale for the very first time and for those who think they know it well

Cinderella (Diamond) Junior Novelization (Disney Princess) Melissa Arps, Melissa Lagonegro, 2012-08-07 Retells the classic fairy tale about a mistreated girl who with the help of her fairy godmother attends the palace ball and dances with the prince

The Makeover in Movies Elizabeth A. Ford, Deborah C. Mitchell, 2003-12-31 The plots of many films pivot on the moment when a dowdy girl with bad hair ill fitting outdated clothing and thick glasses is changed into an almost unrecognizable glamour girl Makeover scenes such as these are examined beginning with 1942's *Now Voyager* The study examines whether the film makeover is voluntary or involuntary whether it is always successful how much screen time it takes up where in the narrative structure it falls and how the scene is actually filmed Films with a Pygmalion theme such as *My Fair Lady* *Vertigo* and *Shampoo* are examined in terms of gender relations whether the man is content with his creation and what sort of woman is the ideal Some films publicize a glamorous star's choice to play an unattractive character as discussed in a chapter examining stars like Bette Davis Meryl Streep and Cameron Diaz Topics also include folk literature's Cinderella tale men as the inspiration for makeovers in teen flicks films like *Clueless* *She's All That* and *Me Natalie* and class repositioning in such movies as *Working Girl* *Pretty Woman* and *Grease* Photographs are presented in a before after format showing the change in the makeover character
