Encyclopaedia of the History of Science, Technology, and Medicine in Non-Western Cultures Helaine Selin,1997-07-31 The Encyclopaedia fills a gap in both the history of science and in cultural studies

Reference works on other cultures tend either to omit science completely or pay little attention to it and those on the history

of science almost always start with the Greeks with perhaps a mention of the Islamic world as a translator of Greek scientific works The purpose of the Encyclopaedia is to bring together knowledge of many disparate fields in one place and to legitimize the study of other cultures science Our aim is not to claim the superiority of other cultures but to engage in a mutual exchange of ideas The Western academic divisions of science technology and medicine have been united in the Encyclopaedia because in ancient cultures these disciplines were connected This work contributes to redressing the balance in the number of reference works devoted to the study of Western science and encourages awareness of cultural diversity The Encyclopaedia is the first compilation of this sort and it is testimony both to the earlier Eurocentric view of academia as well as to the widened vision of today There is nothing that crosses disciplinary and geographic boundaries dealing with both scientific and philosophical issues to the extent that this work does xi PERSONAL NOTE FROM THE EDITOR Many years ago I taught African history at a secondary school in Central Africa *Federal Register* ,1978 The Alphabet Isaac Taylor,1883 **School ABC** Amanda Doering,2005 Learn about school through the alphabet Objects in the book will show what school is like *More Tools for Teaching Content Literacy* Janet Allen,2008 In *Tools for Teaching Content Literacy* Janet Allen put a wealth of research based instructional tools at teachers fingertips to help students make connections with information resources and to read critically *More Tools for Teaching Content Literacy* extends this treasure trove with twenty five new instructional strategies from Expert Groups to Point of View Guides to Wordstorming using the same compact tabbed flipchart format *More Tools* is a handy reference that provides instant access to succinct description practical strategies and manageable assessments allowing teachers to save time and be more flexible and confident in meeting students needs BOOK JACKET Wisconsin Journal of Education ,1876 **The Dublin Review** ,1874 *Ancient History* Hutton Webster,1913 Transactions of the Korea Branch of the Royal Asiatic Society ,1900 **Outlines of European History ...: Earliest man, the Orient, Greece, and Rome, by J.
