Adolescent adjustment problems and school counselling services as perceived by adolescents, educators and parents Jagjiwan Kaur, Arpita Malhotra, 2014-09-23 Master's Thesis from the year 2008 in the subject Sociology Children and Youth grade A Panjab University Government Home Science College Chandigarh India course Masters in Child Development language English abstract The present study was designed to investigate adolescent adjustment problems and school counselling services as perceived by adolescents educators and parents The objectives of the study were 1 to gain an insight into perception of adolescents educators and parents regarding adjustment problems of adolescents in various domains 2 to gauge the views of educators parents and adolescents regarding need and importance of counselling services in schools 3 to understand the views of educators parents and adolescents related to various aspects of implementation of school counselling services The results obtained from both the responses on the Student problem checklist and on the questionnaires indicated similar perception of adjustment problems The study revealed that school going adolescents perceived low adjustment in the domains of studies occupation and health All the respondents emphasized on the need of counselling for the school going adolescents However very few had actually approached any professional ever for counselling and were not very clear about the role of counselors in schools The results also revealed that adolescents and parents preferred approaching teachers rather than the professional counselors for help The teachers perceived themselves as able and as competent as the counselors in handling adolescent problems although at times they reported having difficulty in dealing with certain specific problems The results highlighted the need to orient and educate the adolescents teachers and parents on the need for counselling Regular in service training and workshops were asked for by the teachers to develop and enhance their counselling skills

Counselling Adult Survivors of Child Sexual Abuse Christiane Sanderson, 1995 Counselling Adult Survivors of Child Sexual Abuse addresses the myths and mysteries while propelling a lifeline to both the health professional and the adult survivor This is probably the most complete book on sexual abuse in publication Nursing Ethics If you're looking for a comprehensive overview of theory and practice in this hugely important area of work then look no further a useful resource book which would make a thoughtful and thorough introduction for trainee clinical and counselling psychologists or those looking to familiarise themselves with the range of issues in this area of work Changes An International Journal of Psychology and Psychotherapy significant in its frank honest explication of the problem society faces when children are sexual victims and challenges psychologists to treat this systemic problem with all the resources available to them The significance of this work is the comfort it provides to those who are searching for normalization of their experiences the honesty in addressing the very existence of ongoing sexual abuse of children our shared societal responsibility for potentially or inadvertently tolerating abuse and a sense that there is a group

of persons with whom survivors can identify

Contemporary Psychology a comprehensive guide to the background theory and treatment of survivors of abuse which tackles the thorny issue of false memories with sound advice about the role of the counsellor It has an easy readable style with just enough summarising of previous chapters to allow them to be read separately making it an enjoyable and worthwhile book to read or refer to I particularly liked the separation of objectives approaches and techniques in dealing with treatment which gave the book enormous clarity

Counselling comprehensive and useful very readable and would be especially useful for anyone who is just entering this field and wishes to explore all the options and provide their client with the best possible service

Community Care gives an overview of the literature on theories of sexual abuse its impact and long term psychological consequences and an examination of different models of treatment

Journal of Family Therapy this excellent book strikes a good balance between theory data and practical advice for workers and includes illustrative case material and practical strategies for counsellors It conveys both the experiences of survivors and the enormous amount that can be achieved It is a stimulating and optimistic book which would be suitable for all workers in this important area

Criminal Behaviour and Mental Health This book is academically sound and is all embracing in its treatment of its subject matter It is an excellent resource book and would be recommended reading for any person wishing to embark on research in this field All counsellors may indeed learn something from it

Counselling Newsletter well organized clear carefully reasoned and documented a thorough helpful and sensible book providing a readable overview of knowledge on the topic While the text is aimed at professionals Sanderson s style appeals to other concerned individuals including survivors and those who support them

FVSAB This revised edition includes new information and data on the incidence of child sexual abuse and looks more closely at the complexities of sexual abuse by female abusers An entirely new chapter on False Memory Syndrome is included in this edition which presents both clinical and scientific arguments pertaining to the retrieval of memories as well as analysing the impact of the application of this syndrome not only on victims and survivors but also on therapists and society as a whole

Counselling Adult Survivors of Child Sexual Abuse examines the theories which attempt to account for the occurrence of child sexual abuse explains the traumatic impact of child sexual abuse looks at the ways in which these effects can be ameliorated and the adult healed

Treatment techniques and the role of the counsellor in employing these techniques are also discussed in such a way that the counsellor can make use of the book not only as a review of current theory but also as a practical handbook for use with clients who may be adult survivors of child sexual abuse
