Dreams Like White Elephants:

A Dream of White Horses Edwin Drummond, 2014-12-12 The best climbing book I've ever read Lito Tejada Flores High Ed Drummond is one of the great characters of the British climbing scene An inspired climber and writer he made first ascents across the UK and wrote some of the most unusual articles in the mountaineering world In doing so he won two Keats prizes a National Poetry prize and created some of the country's most prized routes A climbing book like no other A Dream of White Horses mixes climbing tales with an intense personal story The first ascent of the Long Hope Route on St John's Head and a solo ascent of El Capitan's Nose sit alongside Drummond's eventful childhood and a string of failed relationships that took him to the edge of despair Political and social concerns appear as Drummond scales Nelson's Column in Trafalgar Square in an anti apartheid protest and the Statue of Liberty in support of civil rights activists Told through essays poems and stories it is at times exciting frequently surreal and often deeply personal First published in 1987 A Dream of White Horses received a mixed reception reflecting the author's notoriety as a climber Disregarded by the more conservative publishing and mountaineering establishments it received rave reviews in the climbing press Love it or hate it the book is an undeniably fascinating read The most challenging disturbing and provocative piece of climbing literature I've ever read the consistent brilliance is astounding Stuart Peggall Climbing magazine [Dream Singers](#) Anthony Shafton, 2010-03-08 Advance Praise for Dream Singers You will find a great storehouse of folk and literary treasures in this ambitious book that speaks to anyone who has ever thought about his or her dreams It's a wonderful adventure and I highly recommend it Clarence Major author of Configurations and Juba to Jive Acclaim for Dream Reader also by Anthony Shafton A book so unique in its combination of scholarship clarity and down to earth feeling about dreams that I find it hard to fully express the excitement and satisfaction I felt on reading it Montague Ullman M D Clinical Professor Emeritus of Psychiatry Albert Einstein College of Medicine Author of Working with Dreams and Dream Telepathy Breathtaking the single most complete and thorough analysis of contemporary dream theories yet written Shafton has a keen sense for what people most want to know about dreams and an admirable ability to explain difficult concepts without oversimplifying them Kelly Bulkeley Ph D Past President The Association for the Study of Dreams Author of The Wilderness of Dreams **A Dream in the World** Robin van Löben Sels, 2004-03 How can science and religion co exist in the modern discipline of psychotherapy A Dream in the World explores the interfaces between religious experience and dream analysis At the heart of this book is a selection of dreams presented by the author's patient during analysis which are compared with the dreams of Hadewijch a thirteenth century woman mystic The patient's dreams led the modern woman to an unanticipated breakthrough encounter with the divine her experience of soul The experience reoriented and energized her life and became her dream in the world Following Jung's idea that the psyche has a religious instinct Robin van Loben Sels demonstrates that the healing process possible through psychotherapy can come from beyond the psyche and can not be explained by our usual theories of

professional class of writers known as the scribes in order to conceal and protect the forbidden knowledge of the gods and the secret history of creation itself By using this non traditional approach you will discover how the highly symbolic Dream Vision written by the righteous scribe and mysterious lost prophet of the Bible Enoch is the key to unlocking this ancient system of mystical symbolism and the secret history of humanity It is the same secret that is still hidden within the symbolism of the mysterious esoteric brotherhoods secret societies and hidden orders of the world It is through this exceptional system of mystical symbolism created by the ancient scribes that the origin and true meaning to all the mystical symbols like the pentagram the all seeing eye and the unfinished pyramid are revealed You will also learn the answers to some of the greatest mysteries concerning the biblical story For you will find that the mystical symbolism of the Dream Vision contains the secrets of the Watchers the Giants the great Flood of Noah and so many more mysteries which are uncovered for the first time Not only are the hidden secrets of the Bible uncovered through the mystical symbolism but it will also reveal the greatest secrets of mythology and the ancient world You will understand the secret meaning to the ever famous symbol of the Bull the Twin Brothers of legend and even the monsters of myth like the terrible Hydra You will even learn the real reason why the Great Pyramid was built the real secret of the Pleiades cluster the lost city of Atlantis and the other mysterious lost civilizations of the Ice Age moreover with the conclusive evidence of the terrible cataclysm that befell them all You will also be presented with an entirely new theory on the identity and true origins of the mysterious figures our ancient ancestors worshiped as the gods without invoking ancient aliens or endless religious speculation
