**Is There a Meaning in This Text?** Kevin J. Vanhoozer,2009-08-30 Is there a meaning in the Bible or is meaning rather a matter of who is reading or of how one reads Does Christian doctrine have anything to contribute to debates about interpretation literary theory and post modernity These are questions of crucial importance for contemporary biblical studies and theology alike Kevin Vanhoozer contends that the postmodern crisis in hermeneutics incredulity towards meaning a deep set skepticism concerning the possibility of correct interpretation is fundamentally a crisis in theology provoked by an inadequate view of God and by the announcement of God s death Part 1 examines the ways in which deconstruction and radical reader response criticism undo the traditional concepts of author text and reading Dr Vanhoozer engages critically with the work of Derrida Rorty and Fish among others and demonstrates the detrimental influence of the postmodern suspicion of hermeneutics on biblical studies In Part 2 Dr Vanhoozer defends the concept of the author and the possibility of literary knowledge by drawing on the resources of Christian doctrine and by viewing meaning in terms of communicative action He argues that there is a meaning in the text that it can be known with relative adequacy and that readers have a responsibility to do so by cultivating interpretive virtues Successive chapters build on Trinitarian theology and speech act philosophy in order to treat the metaphysics methodology and morals of interpretation From a Christian perspective meaning and interpretation are ultimately grounded in God s own communicative action in creation in the canon and preeminently in Christ Prominent features in Part 2 include a new account of the author s intention and of the literal sense the reclaiming of the distinction between meaning and significance in terms of Word and Spirit and the image of the reader as a disciple martyr whose vocation is to witness to something other than oneself Is There a Meaning in This Text guides the student toward greater confidence in the authority clarity and relevance of Scripture and a well reasoned expectation to understand accurately the message of the Bible Is There a Meaning in This

Text is a comprehensive and creative analysis of current debates over biblical hermeneutics that draws on interdisciplinary resources all coordinated by Christian theology It makes a significant contribution to biblical interpretation that will be of interest to readers in a number of fields The intention of the book is to revitalize and enlarge the concept of author oriented interpretation and to restore confidence that readers of the Bible can reach understanding The result is a major challenge to the central assumptions of postmodern biblical scholarship and a constructive alternative proposal an Augustinian hermeneutic that reinvigorates the notion of biblical authority and finds a new exegetical practice that recognizes the importance of both the reader s situation and the literal sense
