Cheese Monkeys:

The Cheese Monkeys Chip Kidd, 2008-12-26 Show me something I've never seen before and will never be able to forget if you can do that you can do anything It's 1957 long before computers have replaced the trained eye and skilful hand Our narrator at State University is determined to major in Art and after several risible false starts he accidentally ends up in a new class Introduction to Graphic Design His teacher is the enigmatic Winter Sorbeck equal parts genius seducer and sadist Sorbeck is a bitter yet fascinating man whose assignments hurl his charges through a gauntlet of humiliation and heartache shame and triumph ego bashing and enlightenment Along the way friendships are made and undone jealousies simmer and the sexual tango weaves and dips By the end of their Introduction to Graphic Design Sorbeck's students will never see the world in the same way again And with Chip Kidd's insights into the secrets of graphic design neither will you **Cheese monkeys** Chip Kidd, 2013 A la fin des années 1950 un adolescent d'adolescence découvre un cours d'introduction au dessin Le professeur Winter Sorbeck s'adonne à tester ses élèves avec une exigence sadique En proie aux affres et moies de la jeunesse tudiant alter ego de papier de Chip Kidd découvre son pygmalion un monde artistique jamais envisagé le graphisme The Cheese Monkeys Chip Kidd, 2002-09-03 After 15 years of designing more than 1 500 book jackets at Knopf for such authors as Anne Rice and Michael Crichton Kidd has crafted an affecting and entertaining novel set at a state university in the late 1950s that is both slap happily funny and heartbreakingly sad The Cheese Monkeys is a college novel that takes place over a tightly written two semesters The book is set in the late 1950s at State U where the young narrator has decided to major in art much to his parents' dismay It is an autobiographical coming of age novel which tells universally appealing stories of maturity finding a calling in life and being inspired by a loving demanding and highly eccentric teacher **Chip Kidd** Véronique Vienne, 2003 Chip Kidd is best known for his book jacket designs which have been credited with spawning a revolution in the art of the book cover in the US Master of the graphic non sequitur Kidd has designed covers for books by authors such as John Updike Dean Koontz Michael Crichton Peter Carey and William Boyd that engage the reader's intelligence as well as imagination This illustrated volume presents an appraisal of his oeuvre **Metamedia** Alexander Starre, 2015-08-15 Does literature need the book With electronic texts and reading devices growing increasingly popular the codex is no longer the default format of fiction Yet as Alexander Starre shows in Metamedia American literature has rediscovered the book as an artistic medium after the first e book hype in the late 1990s By fusing narrative and design a number of bibliographic writers have created reflexive fictions metamedia that invite us to read printed formats in new ways Their work challenges ingrained theories and beliefs about literary communication and its connections to technology and materiality Metamedia explores the book as a medium that matters and introduces innovative critical concepts to better grasp its narrative significance Combining sustained textual analysis with impulses from the fields of book history media studies and systems theory Starre explains the aesthetics and the cultural work of complex material

fictions such as Mark Z Danielewski's *House of Leaves* 2000 Chip Kidd's *The Cheese Monkeys* 2001 Salvador Plascencia's *The People of Paper* 2005 Reif Larsen's *The Selected Works of T S Spivet* 2009 and Jonathan Safran Foer's *Tree of Codes* 2010 He also broadens his analysis beyond the genre of the novel in an extensive account of the influential literary magazine McSweeney's *Quarterly Concern* and its founder Dave Eggers For this millennial generation of writers and publishers the computer was never a threat to print culture but a powerful tool to make better books In careful close readings Starre puts typefaces layouts and cover designs on the map of literary criticism At the same time the book steers clear of bibliophile nostalgia and technological euphoria as it follows writers designers and publishers in the process of shaping the surprising history of literary bookmaking after digitization *Diary of a Social Detective* Jeffrey E. Jessum, 2011 Detective agencies come in many shapes and forms but never before has there been a one man social detective agency Johnny Multony himself transformed from a social misfit to a socially savvy kid starts the first ever social detective agency and is hired on by other students in his school for help with common interpersonal dilemmas such as cliques dealing with disappointments bullying personal space friends body language and much more With titles such as *Too Close for Comfort* *The Case of Back Away* *Bobby Accidentally Funny* *The Case of the Incidental Straightman* *Summer's Bummer* *The Case of the Huffy Girlfriends* *Drowning in the Details* *The Case of Monologuing Mona* etc cleverly developed chapters allow readers to use their own social detective skills to solve the mysteries Each chapter ends with a section called *Cracking the Case* in which Johnny solves the social mystery and offers practical solutions to the social dilemmas Foremost a detective mystery story for readers ages eight and older the book delivers insights tools and solutions in an engaging storyline that kids can relate to Recommended not just for individual kids needing social skills tools but on a broader basis for all kids wanting to read something interesting and fun

The Learners Chip Kidd, 2008-02-19 Fresh out of college in the summer of 1961 Happy lands his first job as a graphic designer okay art assistant at a small Connecticut advertising agency populated by a cast of endearing eccentrics Life for Happy seems to be well happy But when he's assigned to design a newspaper ad recruiting participants for an experiment in the Yale Psychology Department Happy can't resist responding to the ad himself Little does he know that the experience will devastate him forcing a reexamination of his past his soul and the nature of human cruelty chiefly his own Written in sharp witty prose and peppered with absorbing ruminations on graphic design *The Learners* again shows that Chip Kidd's writing is every bit as original stunning and memorable as his celebrated book jackets *Chicago Schools Journal*, 1918
