THE 30-DAY AI AGENCY David Matthews, Somewhere in your city, a business owner is watching their competitor fill tables and grow an audience because someone is managing their social media. That someone could be you. Starting this week. Every restaurant with blurry photos, every gym with a dead Facebook page, every dentist who last posted in 2022 is quietly losing customers to whoever shows up looking competent. The social media management market is worth over 27 billion and growing at 24% per year. AI has made it possible for one person to serve multiple clients professionally without working 60-hour weeks. Most people never get there. They do everything manually, burn out on three clients, undercharge, and quit. Not because the opportunity wasn't real. Because they never had a system. The 30-Day AI Agency is that system, a day-by-day blueprint that takes you from zero to a live revenue-generating agency in 30 days flat. Inside, you will learn how to find businesses already losing customers due to weak social media. Use 40 ready-to-use AI prompts to produce a full week of content in under 15 minutes. Build a professional portfolio before landing your first client. Send the 3-sentence cold DM that gets replies from business owners. Price your services with a three-tier package model that ends undercharging. Batch produce content for multiple clients in a single Monday morning. Convert one-time projects into predictable monthly retainers. No degree. No prior clients. No guesswork. Your first client is already looking. Show up before someone else does.
