Approaches To Moral Development New Research And Emerging Themes:

Approaches to Moral Development Andrew Garrod, 1993-01-01 Conscience Charles E. Curran, 2004 A collection of published articles from progressive to conservative on conscience edited by one of the foremost scholars in the field **The Handbook of Mass Media Ethics** Lee Wilkins, Clifford G. Christians, 2008-09-17 This Handbook encapsulates the intellectual history of mass media ethics over the past twenty five years Chapters serve as a summary of existing research and thinking in the field as well as setting agenda items for future research Key features include up to date and comprehensive coverage of media ethics one of the hottest topics in the media community one stop shopping for historical and current research in media ethics experienced top tier editors advisory board and contributors It will be an essential reference on media ethics theory and research for scholars graduate students and researchers in media mass communication and journalism **Teaching for Moral Imagination** Pamela Bolotin Joseph, 2024-03-18 Teaching for Moral Imagination explores morality ethics and moral education providing educators with theories practices and curricular content It aims to inspire deliberation on values foster moral development and create ethical classrooms Suitable for teacher preparation courses professional development and reading groups The ^AEthics of Parenthood Norvin Richards, 2010-07-06 The Ethics of Parenthood argues for original views about the right to raise one s biological children about paternalism about reacting differently to bad behavior because the wrongdoer is only a child about what raising a child requires and about the obligations that parents and children have after the children are grown **Justifying Ethics** Jan Gorecki, 2017-12-02 Human rights include individual rights against government oppression such as the right to freedom of thought religion speech assembly and to a fair system of criminal justice But even in this basic political sense human rights means different things in different historical and cultural contexts and advocacy of such rights has frequently been viewed as subjective Justifying Ethics offers a thorough critique of the most common attempts to formulate objective standards through appeals to human nature religion and reason Gorecki opens his inquiry by considering the role of norm making concepts in the history of ethical thought how standards of rights were claimed to conform to human nature and reason or have been stipulated by an external authoritative source such as God or social contracts He then shows how such justifications may be discounted on analytical or practical grounds using such examples as divine will Kantian reason and the truth value of moral judgments With respect to empirically grounded appeals to human nature Gorecki argues against the notion that the innate plasticity of human behavior and potential for social diversity is sufficient grounds for human rights activity without objective justification The search for justification remains essential in enhancing the persuasiveness of ethical action that aims at the moral contagion of the people by the human rights experience and the transition from moral acceptance to legal implementation Broad in intellectual scope Justifying Ethics draws upon moral and political philosophy social policy psychology history jurisprudence and international law to clarify the prerequisites for the success of human rights activity The book will be of

special interest to political theorists philosophers sociologists and human rights activists Media Ethics Beyond Borders
Stephen J.A. Ward,Herman Wasserman,2010-06-15 Explores the construction of an ethics for news media that is global in reach and impact This title includes the essays that provide theoretical perspectives on major issues and applies the ideas to specific countries contexts and problems It offers a source of ethical thought and analysis on questions raised by contemporary global media **To Forgive Is Human** Michael E. McCullough,Steven J. Sandage,Everett L. Worthington Jr.,1997-02-25 Grounding their analysis in groundbreaking research Michael E McCullough Steven Sandage and Everett L. Worthington Jr show how you can experience authentic forgiveness in ways that bring restoration and healing Creating Contexts for Learning and Self-authorship Marcia B. Baxter Magolda,1999 Unlike most of the literature on the subject this book takes abstract pedagogical principles and translates them into practical methods By observing four semester lengthcollege courses in mathematics zoology human development and education and intensively interviewing students and their instructors Baxter Magolda provides much needed concrete principles that will lead to valuable improvements in the classroom environment With an enhanced level of understanding of the teaching learning relationship professors will be able to teach better and students will be able to learn better thus preparing them to meet the demands inherent in adulthood and preparing them to take an active role in creating a better society Encyclopedia of Ethics Lawrence C. Becker,Charlotte B. Becker,2013-10-18 The editors working with a team of 325 renowned authorities in the field of ethics have revised expanded and updated this classic encyclopedia Along with the addition of 150 new entries all of the original articles have been newly peer reviewed and revised bibliographies have been updated throughout and the overall design of the work has been enhanced for easier access to cross references and other reference features New entries include Cheating Dirty hands Gay ethics Holocaust Journalism Political correctness and many more **Contemporary Philosophical and Psychological Perspectives on Moral Development and Education** Daniel Fasko,Wayne A. Willis,2008 *Foundations of Education* Robert F. McNergney,1995 This text presents teaching as a dynamic integrated profession Each chapter delineates in an analytical and practical manner how professional teachers can most effectively utilize their unique abilities to bring out the best in the students they teach The Journal of the Utah Academy of Sciences, Arts, and Letters ,1997 **Social Studies & the Young Learner** ,2001 **Annual Meeting Program** American Educational Research Association,1993

Development Through Life Barbara M. Newman,Philip R. Newman,1999 A general introduction to the study of human development from conception through very old age Treats physical intellectual social and emotional growth in each of eleven stages emphasizing that development results from the interdependence of these areas at every stage Developmental Psychology David Reed Shaffer,2002 This best selling topically organized child and adolescent development text covers the major theories and research of the field It is known to be a scholarly developmental text that is interesting accurate up to date and written clearly and concisely The author stresses the processes that underlie developmental change so that students

come away from the course with a solid understanding of the causes and complexities of human development Finally the author connects the theory and research to a number of real life settings to prepare students for their future roles as parents teachers nurses or psychologists **Ethiopian Journal of Development Research** ,2002 **Public Integrity** ,1999

How Children Become Moral Selves Josephine Russell,2007 This book examines moral responsiveness and thinking in a mixed gender class of primary school children and offers a theoretical perspective on children s ability to think together about morality in a community of enquiry and on related issues of pedagogy It tracks development in children s moral awareness looking at gains and losses from middle to late childhood and focuses on cognitive skills notions of moral rectitude and interpersonal relationships and friendship The study demonstrates how through participation in a community of enquiry such as Thinking Time Philosophy with Children children sit in a circle engaging in dialogue with the teacher as facilitator children become more thoughtful and develop respect and responsiveness as well as other traits of character that are central to democratic citizenship The author analyses children s thinking in response to a wide range of content on issues of justice freedom and responsibility rights and duties inclusiveness and friendship Gender differences are also examined With the increasing emphasis on education for citizenship in the school curriculum comes an awareness that children s voice and agency need to be respected and promoted Social Personal and Health Education Values Education and Education for Citizenship are becoming more critical in an environment where there is a sense of crisis and concern about the fabric of democratic society In presenting a new paradigm research with rather than on children entering into their life world which their teacher shares the author demonstrates the potential of children to reflect in a concerned way on issues that concern them and society as a whole
