Après Freud:

Après Freud Jean Bertrand PONTALIS, Sigmund Freud, 1965 *Après-coup in Psychoanalysis* Bernard Chervet, 2022-12-30 This important book argues that apr s coup a concept that has blossomed in French psychoanalytic discourse not only allows an understanding of how repressed early memories determine adult life and how human sexuality develops but also allows for a richer and wider explanation of our mental structures and thinking The book outlines how apr s coup has been understood and defined by Freud Lacan and other authors considers it in diverse psychoanalytic cultures and explores its resonance in dream work sexual drives thought and the experience of trauma Bernard Chervet considers that the totality of human thought can be approached according to the theory of apr s coup It offers a metapsychological approach to the operation of apr s coup bodily erogeneity and the regeneration of libido Chervet s compelling work argues that the phenomenon of apr s coup allowed for the development of the psychoanalytic theories of causality sexuality temporality memory and trauma Illustrated by clinical vignettes and written by one of the leading theorists on the topic Apr s coup in Psychoanalysis will be an invaluable resource for psychoanalysts in training and in practice **Opera Omnia** Cornelis Winkler, 1918 *Après-coup* Jean Laplanche, 2017 The 1989 90 seminar on apr s coup completes the English translation of the three major works of Laplanche with *New Foundations for Psychoanalysis* 1987 and *The Temptation of Biology* Freud s theories of sexuality 1991 92 **Psychoanalyzing Psychoanalysis** Marie Balmory, 1982 Jungian Perspectives Luigi Aurigemma, 2008 The First appearance of renowned Jungian Luigi Aurigemma s works in English Jungian Perspectives explores some of the timeless questions that have long attracted depth psychologists In a series of essays written over a twenty year period which nonetheless retain all their freshness today Aurigemma s writings echo man s search for meaning and for understanding in a world limited by the human condition These far reaching essays include discussions and reflections on subjects as varied as suffering and evil sublimation dreams and visions man s spiritual dimension death and dying and the mystical experience of the Void General Catalogue of Printed Books British Museum. virulently sexist discourse and upon an iconography derived from surrealism The view that Lacanian psychoanalysis has a positive contribution to make to feminism and to theories of gender and sexual difference is contested As well as providing a new and provocative reading of Lacan s work Lacan in Contexts is an important contribution to psychoanalytic history and to the history of French intellectual life
