**Arab Unity and Disunity** Fuad Baali, 2004 Arab Unity and Disunity emphasizes the significance of the historical perspective in arriving at accurate generalizations concerning the present social economic and political factors affecting the movement toward unity of the Arab states Topics discussed in the book include Arab unity and disunity before during and after Mohammed s time the prime movers behind the Arab national movement after World War I and the West s betrayal of the Arab cause The book also analyzes the reasons for the inability of the Arabs to replace their local and narrow asabiyahs solidarity unity with the wider more comprehensive Arab unity

**Redefining the Egyptian Nation, 1930-1945** Israel Gershoni, I. Gershoni, James P. Jankowski, 2002-08-08 The authors examine the emergence of nationalism among the Egyptian middle class during the 1930s and 1940s and its growing awareness of an Arab and Muslim identity Previously Egypt did not define itself in these terms but adopted a territorial and isolationist outlook It is the revolutionary transformation in Egyptian self understanding which took place during this period that provides the focus of this study The authors demonstrate how the growth of an urban middle class combined with economic and political failures in the 1930s eroded the foundations of the earlier order Alongside domestic events the momentum of Arabism abroad and the impact of events in Palestine necessitated Egyptian regional involvement Egypt s present position as a major player in Arab Muslim and Third World affairs has its roots in the fundamental transition of Egyptian national identity at this time
