Arab-Jewish Relations In Israel:

Arab-Jewish Relations in Israel Sammy Smooha, 2010 Israel is and remains a deeply divided society of some 5.6 million Jews and some 1.2 million Palestinian Arab citizens. This division is reflected in institutions, culture, national identity, socioeconomic status, and stances on fundamental issues. Arab-Jewish relations within Israel have worsened steadily since the Rabin assassination in 1995. Two conflicting theses explain the trends of changed relations between the Arab minority and Jewish majority: Mutual alienation asserts Arabs and Jews are not only deeply divided but also on a violent collision course; Mutual rapprochement suggests that Arabs and Jews are in the process of adjusting to one another. Analysis of survey data taken from 1976 through 2009 indicates that both Arabs and Jews are committed to coexistence and democracy. Arab attitudes toward the Jews and the Jewish state have become more critical and militant since 1996. Israel could accommodate the Arab minority without losing its character as a Jewish and democratic state. The Arabs could fulfill most of their demands without transforming Israel into a full binational state. A better balance compatible with the visions of both sides could be struck between the Jewish and democratic character of the state by policies of nondiscrimination, inclusion, and integration of the Arab minority. Reform could be undertaken step by step along with settling the Palestinian question and building trust between Arabs and Jews within Israel. No progress was made in this direction between 1996 and 2010, and the decline threatens the relative tranquility in Arab-Jewish relations. If the Jewish state does not enhance equality and integration of the Arabs and does not move forward on peace with the Palestinians, Arab attitudes will continue to harden, and both sides will suffer. Continued relative quiet in Arab-Jewish relations is an important condition for settling the Palestinian question. The answer to improving relations while keeping Israel Jewish and democratic and establishing a separate Palestinian state is to strengthen Israel's democracy and to find a better and fairer balance between its Jewish character and its democratic character.

Arabs And Jews In Israel/two Volume Set Sammy Smooha, 2019-08-28 In this treatment of the problem of Arab-Jewish coexistence in Israel, which furnishes data on the news of Israel's divided population, Dr. Smooha challenges the gloomy perspective that impediments to peaceful relations between Israel's Jewish majority and Arab minority will inevitably lead to ever more violent confrontation. He asserts instead that Dialogue, Conflict Resolution, and Change Mohammed Abu-Nimer, 2012-02-01 This is the first study to introduce the subject of Arab-Jewish relations and encounters in Israel from both conflict resolution and educational perspectives. Through a critical examination of Arab and Jewish encounter programs in Israel, the book reviews conflict resolution and intergroup theories and processes which are utilized in dealing with ethnic conflicts and offers a detailed presentation of intervention models applied by various encounter programs to promote dialogue education for peace and democracy between Arabs and Jews in Israel. The author investigates how encounter designs and processes can become part of a control system used by the dominant governmental majority's institutes to maintain the status quo and reinforce political taboos. Also discussed are the different conflict perceptions held by Arabs and

Jews the relationship between those perceptions and both sides expectations of the encounters Abu Nimer explores the impact of the political context Intifada Gulf War and peace process on the intervention design and process of those encounter groups and contains a list of recommendations and guidelines to consider when designing and conducting encounters between ethnic groups He reveals and explains why the Arab and Jewish encounter participants and leaders have different criteria of their encounter s success and failure The study is also applicable to dialogue and coexistence programs and conflict resolution initiatives in other ethnically divided societies such as South Africa Northern Ireland Bosnia and Sri Lanka where the minority and majority have struggled to find peaceful ways to coexist

Planning a Mixed Region in Israel Oren Yiftachel,1992 The book shows that policies intensified competition over land control slightly widening socio economic gaps and maintaining pre existing power disparities between Arabs and Jews Subsequently most indicators of political instability also intensified The continuation of Israel s policies in the region is therefore likely to undermine the country s long term political stability

The Palestinian-Arab Citizens of Israel: Towards the Internationalisation of National Aspirations Ilham Shahbari,2021-01-28 The relations between the Israeli state and its Arab citizens have been distorted by the perception that national security concerns require the full rights of

citizenship to be restricted for members of the Arab community However the national security of the state can also be affected by a poor reputation in the international community which plays a vital role in sustaining the existence of the state This created a space for Arab intelligentsia to use internationalisation as a means to promote their cause This study is designed to explore and analyse the internationalisation process and its impact regarding the Arab community in Israel It is a beneficial source to academics experts policymakers journalists and other experts and interested members of the public

Coexistence and Cooperation Between Israeli Jews and Arabs Harriet Reiter,1997 **Still Playing by the Rules** Sammy Smooha,2013 The Index of Arab Jewish Relations in Israel based on public opinion surveys that are conducted annually in the fall measures attitudes of Arab and Jewish citizens toward each other and toward the state and serves as a tool to monitor trends of change in these attitudes over the years The Index was inaugurated in 2003 under the aegis of the University of Haifa and became a joint project of IDI and the University of Haifa in 2012 This collaboration seeks to contribute to the study of relations between Arab and Jewish citizens of Israel to Arab Jewish coexistence and to a resilient democracy in Israel The 2012 Index is based on a national representative sample of 700 Arab citizens aged 18 and over including Druze and Bedouin who were interviewed face to face in Arabic and a national representative sample of 700 Jews aged 18 and over including immigrants ultra Orthodox settlers and members of moshavim and kibbutzim who were interviewed on the telephone in Hebrew or Russian The margin of error is 3.7% **Arab-Jewish Relations in Israel** John E. Hofman,1988 **Every Sixth Israeli** Alouph Hareven,1983 Arab-Jewish Activism in Israel-Palestine Dr Marcelo Svirsky,2013-04-28 Applying the insights of Deleuze and Guattari's works to Israel Palestine Arab Jewish Activism in Israel Palestine sets out to re conceptualise the relationship between resistance and power in ethnically segregated spaces in general and the Israeli Palestine context in particular Combining many years of ethnographic study and political and social activism with a solid theoretical conceptual framework Marcelo Svirsky convincingly argues that successful efforts to decolonise the region depend on taking the struggle beyond self determination and making it collaborative Decolonisation depends on political and cultural changes that elaborate on the historical partition of social life in the region that have been an issue since the early twentieth century This elaboration means producing a civil struggle aimed at the destabilisation of the Zionist supremacy and resulting in a democratic political community from the Mediterranean Sea to the Jordan River Simply not just another book on Israel and Palestine Arab Jewish Activism in Israel Palestine provides refreshingly new empirical evidence and theoretical analysis on the connection between resistance intercultural alliances civil society and the potential for actualising shared sociabilities in a conflict ridden society An indispensable read to all scholars wishing to gain original insights into the transversal connections which transcend ethnicity *Israel and the West Bank and Gaza Strip* C.
