Aranmen All:

Aranmen All Tom O'Flaherty,1991 Stories bringing to life the Aran Islands of Ireland Dominated by the sea with all of its treasures and dangers *New Perspectives on the Irish Diaspora* Charles Fanning,2000 In *New Perspectives on the Irish Diaspora* Charles Fanning incorporates eighteen fresh perspectives on the Irish diaspora over three centuries and around the globe He enlists scholarly tools from the disciplines of history sociology literary criticism folklore and culture studies to present a collection of writings about the Irish diaspora of great variety and depth *Farming in Modern Irish Literature* Nicholas Grene,2021 Explores the various ways in which the farm and farming have been represented in Irish writing in the period of Independence and Partition after 1922 *Modern Irish Poetry: A New Alhambra* Frank Sewell,2001-01-25 Recently chapters on individual Irish language authors have formed part of publications regarding modern Irish art and culture in general Such chapters are welcome but they have excited the curiosity of readers to the degree that longer more detailed works are now required to put writing in Irish into perspective In this study of four modern poets two each from two generations Sewell attempts to illustrate not only the accumulative but the transformative nature of tradition Chapters 1 and 2 turn from the mid 20th century master Se n Riord in to the contemporary poet Cathal Searcaigh because the comparison and contrast highlights significant aspects of the amazing development of Irish poetry and indeed society in the period Here importantly the word development is meant in a neutral way the image used is that of a zig zag movement in the pattern of the continuing Irish tradition Chapter 3 returns to the slightly earlier major Irish language poet M irt n Dire in In doing so it returns home from the internationalism of the previous chapter on Searcaigh to Ireland a major focus and concern for the more solely traditionalist Dire in This switch back in time geography social mores or outlook fits and illustrates Sewell s concept of the zig zag movement of a country s culture as it proceeds from generation to generation The positioning therefore has a thematic purpose The fourth and final chapter focuses on the contemporary poet Nuala N Dhomhnaill who has managed to synthesise tradition and modernity central concerns of this book and who in doing so has become the current trail blazer of Irish poetry in either language *Five Irish Writers* John Hildebidle,1989 Liam O Flaherty Kate O Brien Elizabeth Bowen Sean O Faolain and Frank O Connor as Hildebidle demonstrates all five authors saw in the Ireland that grew out of the events of 1916 1923 a nation that stifled the creative energies and bright hopes of its youth and their fiction can be seen as responding in diverse ways to that reality **The National Union Catalog, Pre-1956 Imprints** ,1968

The Novels of Liam O'Flaherty Patrick F. Sheeran,1976 This study of Liam O Flaherty s novels seeks to relate the novels to a way of life that is now almost defunct O Flaherty inherited a tradition that reached deep into the gaelic way of life its folklore myths legends and superstitions In his novels he transmits a sense of the life there which is unmatched as an imaginative portrayal of the contradictions and disharmonies that have both enriched and impoverished our culture and society **Aranmen All** Tom O'Flaherty,1934 **An Old Order and a New** Hedda Friberg,Hedda Friberg-Harnesk,1996
