Arafat Is Next:

Arafat's War Efraim Karsh, 2004-10 Established in 1964 with the goal of liberating Palestine in its entirety the Palestinian Liberation Organization has for years been fronted by one of its most outspoken and notorious members Yasser Arafat Born and raised in Cairo Arafat has undergone a radical transformation from a fugitive terrorist leader to a passionate and respected advocate for the creation of a Palestinian homeland Then why did Arafat reject a plan for Palestinian statehood in 2000 after crusading for this longstanding ideal for close to forty years Was it a bargaining ploy or a reflection of a deeper reluctance on the part of the Palestinian leadership to genuinely commit itself to peace with Israel Offering the first comprehensive account of the collapse of the most promising peace process between Israel and the Palestinians Historian Efraim Karsh argues that Arafat is less interested with the liberation of the West Bank and Gaza or even with the establishment of a Palestinian state than with the PLO's historic goal of Israel's destruction Karsh details Arafat's efforts since the historic Oslo Peace accords in building an extensive terrorist infrastructure his failure to disarm the extremist groups Hamas and Islamic Jihad and the Palestinian Authority's systematic efforts to indoctrinate hate and contempt for the Israeli people through rumor and religious zealotry The result is a level of violence unmatched in scope and intensity since 1948 a Palestinian campaign of terror that has included suicide bombings drive by shootings stabbings lynching and stonings and resulted in thousands of casualties Arafat has irrevocably altered the Middle East's political landscape and while his place in history has yet to be written the ongoing Israeli Palestinian conflict will always be Arafat's War

The Transformation of Palestinian Politics Barry Rubin, 2009-06-01 This book is a comprehensive overview and analysis of the Palestinians' travail as they move from revolutionary movement to state Barry Rubin outlines the difficulties in the transition now under way arising from Palestinian history society and diplomatic agreements He writes about the search for a national identity the choice of an economic system and the structure of government Rubin finds the political system interestingly distinctive it appears to be a pluralist dictatorship There are free elections multiple parties and some latitude in civil liberties Yet there is a relatively unrestrained chief executive and arbitrariness in applying the law because of restraints on freedom The new ruling elite is a complex mixture of veteran revolutionaries heirs to large and wealthy families professional soldiers technocrats and Islamic clerics Beyond explaining how the executive and legislative branches work Rubin factors in the role of public opinion in the peace process the place of nongovernmental institutions opposition movements and the Palestinian Authority's foreign relations including Palestinian views and interactions with the Arab world Israel and the United States This book is drawn from documents in Arabic Hebrew and English as well as interviews and direct observations Rubin finds that overall the positive aspects of the Palestinian Authority outweigh the negative and he foresees the establishment of a Palestinian state His charting of the triumphs and difficulties of this state in the making helps predict and explain future dramatic developments in the Middle East
