## Alan Clarke:

**Alan Clarke** Richard T. Kelly, 2011-06-02 An unusually brilliant generation of film makers emerged from British television drama in the 1960 70s none more formidable than Alan Clarke Yet Clarke enjoyed only a vague renown among the public even though some of his most incendiary productions *Scum The Firm* Made in Britain attracted great controversy But he was greatly admired by his fellow professionals He became the best of all of us Stephen Frears observed after Clarke s untimely death in 1990 In his work Clarke explored working class lives and left wing themes with unflinching directness and humour He forged alliances with gifted writers and producers and his facility for encouraging stunning performances from Gary Oldman Tim Roth Ray Winstone made him a hero amongst actors As a man Clarke s wit vigour and generosity were legendary Yet he retained a privacy which made him enigmatic and imbued his work with much of its austere radiance This volume is a tribute to Clarke made out of the thoughts and memories of those who worked with him and knew him best and includes a celebratory essay by eminent critic David Thomson

**Alan Clarke** Dave Rolinson, 2013-07-19 The British television director Alan Clarke is primarily associated with the visceral social realism of such works as his banned borstal play *Scum* and his study of football hooliganism *The Firm* This book uncovers the full range of his work from the mythic fantasy of *Penda s Fen* to the radical short film on terrorism *Elephant* Dave Rolinson uses original research to examine the development of Clarke s career from the theatre and the studio system of provocative television play strands of the 1960s and 1970s to the increasingly personal work of the 1980s which established him as one of Britain s greatest directors Alan Clarke examines techniques of television direction and proposes new methodologies as it questions the critical neglect of directors in what is traditionally seen as a writer s medium It raises crucial issues in television studies including aesthetics authorship censorship the convergence of film and television drama documentary form narrative and realism
