

The background of the cover is a landscape painting. It depicts a wide valley with a river or stream winding through it. The hills and mountains in the background are rendered in shades of blue, green, and brown, suggesting a hazy or atmospheric setting. The overall style is reminiscent of traditional landscape art.

## **Albanian Spring:**

**Historical Dictionary of Albania** Robert Elsie, 2010-03-19 Albania is not well known by outsiders it was deliberately closed to the outside world during the communist era Now it has thankfully become free again its borders are open and it can be visited and it is increasingly integrating with the rest of Europe and beyond Unfortunately Albania has had its share of problems in the post communist era it is a land of destitution and despair thanks in part to the Albanian mafia which has turned the country into one of blood feuds kalashnikovs and eternal crises Yet Albania is in essence a European nation like any other and will soon it is to be hoped advance and take its proper place in Europe and the world The second edition of the Historical Dictionary of Albania relates the history of this little known country through a detailed chronology an introduction a bibliography appendixes and over 700 cross referenced dictionary entries on significant persons places and events institutions and organizations and political economic social cultural and religious facets

## **The OSS in World War II**

**Albania** Peter Lucas, 2015-02-16 World War II found Albania fighting a war within a war In addition to the threat faced from the Germans Albania was engaged in a civil war between the Nazi sponsored Ballists and the Communist partisans led by Enver Hoxha While America was reluctant to get involved in the civil conflict the United States was naturally inclined to lend support to whoever fought the Nazis even if that meant an alliance with the Communists On a cold November night in 1943 Dale McAdoo code named Tank secretly landed on the Albanian coast with a team of OSS Office of Strategic Services agents including Ismail Carapizzi an Albanian guide and interpreter who would later be murdered McAdoo's team the first of many to follow set up a base of operations in a deep water level cave on the rocky Albanian coast that served the OSS as it carried out its mission of gathering intelligence to support the Allied war effort and harass the Germans McAdoo was joined by Captain Tom Stefan code name Art an Albanian speaking OSS officer from Boston whose assignment was to join Hoxha at his remote mountain headquarters and bond with the reclusive Communist leader to benefit the OSS This volume describes how the OSS aided the Communist led partisans in an attempt to weaken the Nazi cause in Albania and neighboring Italy The book presents an in depth look at the small core of hardened men who comprised these highly specialized teams including each member's background and his special fitness for his wartime role behind enemy lines The American and British presence in Albania during World War II and the later deterioration of Hoxha's relations with Captain Tom Stefan and the OSS mission are discussed in detail Firsthand interviews with still living participants and extensive onsite research make this book a unique resource for a little known dramatic piece of World War II history
