Albert Oehlen:

Albert Oehlen Boxed Edition Klaus Kertess, Albert Oehlen, John Corbett, Roberto Ohrt, 2009 Limited to 1 000 copies each numbered and signed by the artist each signed by the artist Often wryly funny and just as smart Albert Oehlen's paintings play the medium for all it's worth After an early realization that the so called death of painting actually freed his enthusiasm as to the number of aspects through which one could expand painting Oehlen got to work on a wide variety of figurative and non objective offerings in what he has called his post non representational art In his most recent work group Oehlen expands painting through the use of blatant advertising posters whose in your face aesthetics he transforms with subtle brushwork Never without a touch of tongue in cheek humor his work seems to be winking at us as it dares us to change the way we look at an image Klaus Kertess throws a light on the years from 1988 onwards when Oehlen saw himself self consciously as a painter and started his first abstract works then continued to probe the limits of the medium *Albert Oehlen*, *Albert Oehlen* Albert Oehlen, 2011 [Albert Oehlen](#) Jean-Charles Vergne, Pierre Sterckx, Fonds régional d'art contemporain (Auvergne), 2005 **Albert Oehlen - Painting** Albert Oehlen, 2013 Four decades after he first burst onto the international art scene in the early 1980s Albert Oehlen born 1954 remains among the most influential and controversial painters of the present Operating between figuration and abstraction with vigor and energy Oehlen relentlessly critiques painting's history its clichés and its relationship to the imagery of the advertising and pop industries all within the medium itself rather than in another art form Reproducing 110 works this volume designed by Heimo Zobernig takes something of an artist's book approach to Oehlen's oeuvre emphasizing its methodological complexity vitality and conflicts Alongside an interview between Oehlen and fellow painter Daniel Richter this catalogue contains conversations on the implications of Oehlen's work between Rochelle Feinstein and Kerstin Stakemeier and between Hal Foster and Achim Hocheder **Albert Oehlen**, 1995 [Albert Oehlen](#) Massimiliano Gioni, Fredi Fischli, Niels Olsen, Mark Godfrey, Anne Pontégnie, 2015 Surveying the past thirty years of his career and demonstrating his immeasurable influence on contemporary painting Albert Oehlen Home and Garden comprises paintings drawings and prints from the artist's most important bodies of work From the beginning of his career Oehlen set himself the task of exploring the language structures and experiences of painting He has managed to reinvigorate the genres of portraiture collage and gestural abstraction in work that deploys a staggering range of imagery and techniques Oehlen's canvases capture haunting interiors mutating self portraits archaic and digital landscapes and cryptic fragments of language As a younger generation of artists turns again to painting as a critical medium Oehlen's work has only become more influential and prescient [PhotographyDigitalPainting](#) Carl Robinson, 2020-08-11 This anthology explores the connections between photography the digital and painting in contemporary art practices While there is much research being undertaken into the mediums under discussion as discrete concerns in the digital age there is little investigation into these in combination As photography the digital and painting frame the contemporary visual discourse a

rigorous investigation into this relationship is much needed This book which continues the investigations begun with PaintingDigitalPhotography undertakes this by leading the research into questions of medium fluidity in contemporary visual art practices The contributors here are renowned artists senior academics theorists and younger researches contributing to the field of study Their essays address a wide range of interrelated topics including AI generation of digital imagery hyperreal photographic visions of the world the embodied experience of the painter and art practice that synthesises the three mediums amongst others This book will be of particular interest to scholars academics and researchers studying the associations of these mediums in the digital age

Albert Oehlen Albert Oehlen,2008 Continuing Albert Oehlen s interest in posters this volume contains loose unbound images of ten paintings contained within a large fold out poster set designed by the artist Closely associated with the Cologne art scene and the Neue Wilde movement Oehlen was also formally a member of the Lord Jim Lodge along with Martin Kippenberger among others The artist s latest series of paintings vividly merge image text and symbol in an explosive form that Oehlen has called free collage Combining oil inkjet print collage and spraypaint on canvas Oehlen s paintings are characterised by dirty smears at their centre reflecting the artist s ability to interrogate the possibilities of painting and challenge the viewer s reading of visual language

Permission to Laugh Gregory H. Williams,2012-06-12 Permission to Laugh explores the work of three generations of German artists who beginning in the 1960s turned to jokes and wit in an effort to confront complex questions regarding German politics and history Gregory H Williams highlights six of them Martin Kippenberger Isa Genzken Rosemarie Trockel Albert Oehlen Georg Herold and Werner B ttner who came of age

in the mid 1970s in the art scenes of West Berlin Cologne and Hamburg Williams argues that each employed a distinctive brand of humor that responded to the period of political apathy that followed a decade of intense political ferment in West Germany Situating these artists between the politically motivated art of 1960s West Germany and the trends that followed German unification in 1990 Williams describes how they no longer heeded calls for a brighter future turning to jokes anecdotes and linguistic play in their work instead of overt political messages He reveals that behind these practices is a profound loss of faith in the belief that art has the force to promulgate political change and humor enabled artists to register this changed perspective while still supporting isolated instances of critical social commentary Providing a much needed examination of the development of postmodernism in Germany *Permission to Laugh* will appeal to scholars curators and critics invested in modern and contemporary German art as well as fans of these internationally renowned artists Albert Oehlen Albert Oehlen,2004 La muestra re ne 31 obras en leo sobre lienzo 19 obras de computer collage impresi n digital sobre papel 14 obras en impresi n digital sobre lienzo y tres instalaciones que reflejan la evoluci n del artista desde la figuraci n pict rica de sus primeras obras ligada al retorno a la pintura de los ochenta hasta su producci n actual con la utilizaci n de im genes generadas por medios digitales que parecen flotar en campos de color
