## **Albert Speer:**

**Inside the Third Reich** Albert Speer, 1970 *INSIDE THE THIRD REICH* is not only the most significant personal German account to come out of the war but the most revealing document on the Hitler phenomenon yet written. It takes the reader inside Nazi Germany on four different levels: Hitler's inner circle, National Socialism as a whole, the area of wartime production, and the inner struggle of Albert Speer. The author does not try to make excuses, even by implication, and is unrelenting toward himself and his associates. Speer's full-length portrait of Hitler has unnerving reality. The Fuhrer emerges as neither an incompetent nor a carpet-gnawing madman but as an evil genius of warped conceits, endowed with an ineffable personal magic. **NEW YORK TIMES** *Albert Speer: His Battle With Truth* Gitta Sereny, 2017-01-26 From 1942 Speer was the second most powerful man in the Reich and Hitler's right-hand man. Gitta Sereny, through twelve years of research and through many conversations with Speer, his friends, and colleagues, reveals how Speer came to terms with his own acts and failures, from moral extinction to moral self-education, and the question of his real culpability in the Nazi crimes. *Inside the Third Reich* Albert Speer, 1970 *Inside the Third Reich* is a memoir written by Albert Speer, the Nazi Minister of Armaments from 1942 to 1945, serving as Adolf Hitler's main architect before this period. It is considered to be one of the most detailed descriptions of the inner workings and leadership of Nazi Germany but is controversial because of Speer's lack of discussion of Nazi atrocities and questions regarding his degree of awareness or involvement with them.

**Albert Speer** Gitta Sereny, 1997-06-17 Albert Speer was not only Hitler's architect and armaments minister but the Fuhrer's closest friend, his unhappy love. Speer was one of the few defendants at the Nuremberg Trials to take responsibility for Nazi war crimes, even as he denied knowledge of the Holocaust. Now this enigma of a man is unveiled in a monumental biography by a writer who came to know Speer intimately in his final years. Out of hundreds of hours of interviews, Sereny unravels the threads of Speer's personality: the genius that made him indispensable to the German war machine; the conscience that drove him to repent; and the emotional wounds that made him susceptible to Hitler's lethal magnetism. Read as an inside account of the Third Reich or as a revelatory, unsparing yet compassionate study of the human capacity for evil. **Albert Speer: His Battle with Truth** is a triumph. Fascinating. Not only a major addition to our knowledge of the Third Reich but a stunning attempt to understand the nature of good and evil. **Newsday** More than a biography. It also constitutes a perceptive re-examination of the mysterious appeal of Adolf Hitler. **San Francisco Chronicle** From the Trade Paperback edition. **LIFE**, 1945-12-17 **LIFE** Magazine is the treasured photographic magazine that chronicled the 20th Century. It now lives on at **LIFE.com**, the largest, most amazing collection of professional photography on the internet. Users can browse, search, and view photos of today's people and events. They have free access to share, print, and post images for personal use.

*Speer* Joachim C. Fest, 2001 A portrait of Germany's World War II Armaments Minister considers his rise from unemployed architect to designer of the Third Reich's most important buildings, personal relationship with Hitler, and

considerable ambition      **Albert Speer** Joachim C. Fest,2007-07-10 Albert Speer remains the most mysterious character of the leadership of the Nazi regime He was the chief architect of the Third Reich and Adolf Hitler s confidant Speer built the Reichskanzlei official offices discovered the Lightdome and was finally in 1942 named as the minister for arms But he characterised himself as apolitical called Hitler s hatred of Jews an anomaly and the conspirators of the 20th July placed Speer s name on their cabinet list Here at last are the memoirs of the mysterious Albert Speer the good Nazi Joachim Fest s records of conversations with Speer provide a fascinating insight into the psyche of Hitler s architect This book is a vital contribution towards the understanding of the psychology of the national socialist leadership Fest has created a volume that provides a unique portrait of a member of the Nazi party until now clouded in mystery      **Albert Speer—Escaping the Gallows** Adrian Greaves,2021-08-30 At the Nuremberg War Crimes Tribunal Albert Speer Hitler s one time number two persuaded the judges that he knew nothing of the Holocaust and related atrocities Narrowly escaping execution he was sentenced to twenty years in Spandau Prison Berlin In 1961 the newly commissioned author as the British Army Spandau Guard Commander was befriended by Speer who taught him German Adrian Greaves record of his conversations with Speer over a three year period make for fascinating reading While the top Nazi admitted to Greaves his secret part in war crimes after his 1966 release he determinedly denied any wrongdoing and became an intriguing and popular figure at home and abroad Following Speer s death in 1981 evidence emerged of his complicity in Hitler s and the Nazi s atrocities In this uniquely revealing book the author skilfully blends his own personal experiences and relationship with Speer with a succinct history of the Nazi movement and the horrors of the 1930s and 1940s In so doing new light is thrown on the character of one of the 20th century s most notorious characters      Speer Martin Kitchen,2015-10-28 Sets the record straight on Albert Speer s assertions of ignorance of the Final Solution and claims to being the good Nazi Kirkus Reviews In his bestselling autobiography Albert Speer Minister of Armaments and chief architect of Nazi Germany repeatedly insisted he knew nothing of the genocidal crimes of Hitler s Third Reich In this revealing new biography author Martin Kitchen disputes Speer s lifelong assertions of ignorance and innocence portraying a far darker figure who was deeply implicated in the appalling crimes committed by the regime he served so well Kitchen reconstructs Speer s life with what we now know including information from valuable new sources that have come to light only in recent years The result is the first truly serious accounting of the man his beliefs and his actions during one of the darkest epochs in modern history not only countering Speer s claims of non culpability but also disputing the commonly held misconception that it was his unique genius alone that kept the German military armed and fighting long after its defeat was inevitable A devastating portrait of an empty narcissistic and compulsively ambitious personality The Wall Street Journal Kitchen s exhaustively researched detailed book nails one by one the lies of the man who provided a thick coat of whitewash to millions of old Nazis Its fascinating account of how the moral degradation of the chaotic Nazi regime corrupted an entire nation is a timely warning for today Daily Mail

Book of the Month An excellent new biography Kitchen has taken a wrecking ball to Speer's mendacious and meticulously created self image And about time too History Today **Albert Speer--victim of Nuremberg?** William Hamsher,1970

The Two Worlds of Albert Speer Henry Thomas King (Jr.), Bettina Elles,1997-10-16 This book offers a close inside account of the psyche of Albert Speer one of the most powerful men in the Third Reich and a close personal associate of Hitler King a Nuremberg prosecutor offers firsthand observations based upon his encounter with Speer as a defendant at Nuremberg as well as his 35 year relationship with Speer which ended with the latter's death in 1981 *The Good Nazi* Dan Van der Vat, Albert Speer,1997 Biography of Nazi leader Albert Speer who served Hitler as a minister of wartime production looking at Speer's knowledge of Holocaust activities discussing his personal role in the exploitation of slave labor and questioning his denial of war crimes Albert Speer, 2015 Plucked from obscurity to be Hitler's chief architect and Minister of War Albert Speer became the second most powerful man in Nazi Germany and the closest Hitler had to a friend Having narrowly escaped hanging at Nuremberg Speer emerged from twenty years at Spandau gaol as he thought a changed man But even as he publishes his bestselling accounts of the Third Reich the extent of his complicity in Nazi crimes returns to haunt him and his long suffering family *Albert Speer* Léon Krier,2013 First published in 1985 to an acute and critical reception Albert Speer Architecture 1932-1942 is a lucid wide ranging study of an important neoclassical architect Yet it is simultaneously much more a philosophical rumination on art and politics good and evil **Will The Real Albert Speer Please Stand Up?** Geetanjali Mukherjee,2014-04-24 He presented many faces to the world but which one was genuine Over the years Albert Speer has been given several titles the good Nazi Hitler's architect future Reichchancellor and even the only penitent defendant at Nuremberg There is no doubt that there are many faces to Albert Speer he was a man who had far greater power during the war than any other aside from Hitler and was widely believed to succeed Hitler his tremendous powers of organization raised German production to its peak at a time when resources were at an all time low and it was expected by all including himself that he would receive the death sentence like the other Nazi leaders instead escaping the noose with only twenty years In light of his extended involvement in the Nazi party both as Hitler's architect and the Minister for Armaments and his contributions to the illegal war waged by the regime the question naturally arises did Speer receive adequate punishment Did the verdict reflect the perception that Speer was somehow less culpable than the other defendants or did he mastermind his defence in a way that reduced his sentence The events leading up to the Nuremberg trial and the trial itself provides clues to answering these questions what can we learn about the personality of Speer from the evidence available and why does it matter *Golden Boy* Paula Astridge,2019-06-01 Albert Speer was one of the most brilliant and controversial men of the Twentieth Century Although he was the Adolf Hitler's favourite for many years Speer refused to share in his suicide and was condemned to twenty years in Spandau Prison for war crimes His open confession of guilt at the Nuremberg Trials spared him the noose but to this day a question mark hangs over his head What was the level of his

involvement in the Holocaust Was he a man of integrity caught up in a web of evil from which he couldnt escape or was he just clever and convincing enough to have obscured the worst of his sins No one has ever argued convincingly one way or the other Paula Astridges very personal and exhaustively researched account will both entertain and enable the reader to draw their own conclusions [Hitler's Engineers](#) Blaine Taylor,2010-09-09 An intriguing account of two of Nazi Germany s top architects and how their work prolonged the war for months includes hundreds of photos WWII History A Selection of the Military Book Club While Nazi Germany s temporary ascendancy owed much to military skill the talent of its engineers not only buoyed the regime but allowed it to survive longer than would normally be expected This unique work focusing on Fritz Todt and Albert Speer is based on many previously unpublished photographs and artwork from captured Nazi records Todt was the brilliant builder of the world s first superhighway system the Autobahn and the architect of the German West Wall the Siegfried Line that predated the later Atlantic and East Walls The builder of each of the wartime F hrer Headquarters as well as the submarine pens Todt was killed in a still mysterious airplane crash that may well have been a Nazi death plot though he was given a state funeral by Hitler Todt was succeeded as German Minister of Armaments and War Production by the F hrer s longtime personal architect Albert Speer who was described by the Allies after the war as having prolonged the conflict by at least a year Called a genius by Hitler Speer designed and built the prewar Nuremberg Nazi Party Congress rally stands and buildings More importantly amid the constant rain of Allied bombs and the Soviet advances from the East Speer managed to keep the German industrial machine running until the spring of 1945 though it was driven ever further underground He also allocated resources to fortifications and counterattacks like the V missile installations against both West and East in attempts to stave off defeat Convicted as a war criminal at Nuremberg Speer served twenty years at Spandau Prison and remained a Nazi apologist who died in London in 1981 on the anniversary of the German invasion of Poland Together Todt and Speer were the pillars that propped up the Third Reich through the vicissitudes of battlefield fortune With over three hundred photographs this is the first work that examines their role in history s most terrible war

*German Life Writing in the Twentieth Century* Birgit Dahlke,Dennis Tate,Roger Woods,2010 Life writing an increasingly accepted category among scholars of literature and other disciplines encompasses not just autobiography and biography but also memoirs diaries letters interviews and even non written texts such as film Whether these were produced in diary or letter form as events unfolded or long after the event in the form of autobiographical prose common to all are attempts by individuals to make sense of their experiences In many such texts the authors reassess their lives against the background of a broader public debate about the past This book of essays examines German life writing after major turning points in twentieth century German history the First World War the Nazi era the postwar division of Germany and the collapse of socialism and German unification The volume is distinctive because it combines an overview of academic approaches to the study of life writing with a set of German language case studies In this respect it goes further than existing studies which

often present life writing material without indicating how it might fit into our broader understanding of a particular culture or historical period **Beyond Science in Historical Theory** ,2006 *Speer* Joachim C Fest,2003-11-10 Albert Speer was an unemployed architect when Hitler came to power in 1933 Soon he was designing the Third Reich s most important buildings In 1942 Hitler appointed him Armaments Minister and he quadrupled production an astonishing achievement that kept the German Army in the field and prolonged the war Yet Speer s life was full of contradictions The only member of the Nazi elite with whom Hitler developed more than a purely functional relationship he has even been called Hitler s unrequited love Speer was always an outsider in Hitler s inner circle He saw himself as an artist above the crass power struggles of the roughnecks around him But his enormous ambition blinded him to the crimes in which he played a leading role Brilliantly illustrated this gripping account of one man s rise and fall helps explain how Germany descended so far into crime and barbarism
