*Alcoholism* Nada J. Estes, M. Edith Heinemann, 1977      **Alcoholism**, 1977      **Planning Alcoholism Counseling Education**, 1982      **The Community Health Nurse and Alcohol-related Problems ...** National Center for Alcohol Education, 1978      Alcohol Abuse Curriculum Guide for Nurse Practitioner Faculty Judith Hasselblad, 1984      **Alcoholism and Other Drug Problems** James E. Royce, 1996      **The Community Health Nurse and Alcohol-related Problems: Instructor's curriculum planning guide**, 1978      **Drug and Alcohol Abuse** Marc A. Schuckit, 2012-12-06

When this series was conceived a book on substance abuse including alcohol and alcoholism was to be of the highest priority. This priority was a reflection of my view that the subject is often inadequately or insufficiently taught in many training programs. Few clinicians have had comprehensive didactic education in this area despite the frequency with which these problems are encountered in practice. All too often these encounters are in situations in which accurate diagnosis and rapid treatment are of critical importance. We wanted a book that would be concise and easily readable but also comprehensive in its presentation of the basic principles underlying clinical manifestations, diagnosis, and management. It was of particular importance that the book also serve as an easy reference guide in emergency situations.

Marc Schuckit, a man with impeccable credentials as a scholar and an experienced clinician in this field, produced just such a book with his critically acclaimed first edition. That volume rapidly became a resource of great significance for psychiatrists, psychotherapists, and physicians in general. It has been adopted as a text in medical schools and residency training as well as for courses in psychology, emergency medicine, social work, and nursing. The entire volume has been revised and updated to reflect changes in knowledge and clinical practice since the publication of the first edition and in order to keep the comprehensive references current. There is a new chapter on phencyclidine and another on caffeine and nicotine.

**Substance Use Among Women**  
Ann M. Pagliaro, Louis A. Pagliaro, 2000. First published in 2000. Routledge is an imprint of Taylor Francis, an information company.

Alcohol Problems and Alcoholism James E. Royce, 1981. A study on alcoholism thoroughly documented as a college text but practical enough to be of interest to para-professionals and counselors who wish to update their knowledge and the one million recovered alcoholics who are eager to learn more about their illness.

*White Man's Wicked Water* William E. Unrau, 1996. Unrau draws upon an impressive array of Indian petitions, official reports, court records, and treaties to show how the West was really won. This detailed chronicle offers abundant evidence that alcohol both encouraged white conquest and destroyed native Americans.

W. J. Rorabaugh, author of *The Alcoholic Republic*. An excellent analysis. Unrau explores and documents the problems associated with one of the darker sides of acculturation or accommodation.

R. David Edmonds, author of *The Shawnee Prophet*.      College Student Journal, 1990      Older Adults' Misuse of Alcohol, Medicines, and Other Drugs
