**The 90 Day No Equipment Workout Plan For Women** Michael Russo, Rebekah Addams, 2020-09-24  
Introducing The Minimalist Approach To Achieving A Trim Toned And Functionally Fit Body All From The Comfort Of Your Home WITHOUT Any Expensive Equipment. Are you a woman who struggles to find the time to get to the gym? Is your gym still closed due to COVID-19 restrictions? Do you feel completely overwhelmed when you walk into a gym not knowing where to start or what machines to use? The facts are that although gyms are a great recourse to improve your fitness and body, it is purely a luxury and many of those big machines you see are not necessary when it comes to burning fat and reshaping your body. And in the midst of a global pandemic, going to the gym may not be a possibility for you for many months, which is why more than ever you need a home workout routine to reach your fitness goals. The problem with a lot of workout programs is that they are often complicated and ask too much of its participants, sometimes requiring five to six hour long workouts per week. The problem first of all is it's not sustainable to keep up with leaving very little time for recovery, an important component in not only becoming fit, strong and lean, but also remaining injury free. Fitness is meant to enhance our lives, not take away from it, and spending countless hours working out following programs that quite frankly are suited more to professional athletes rather than everyday people like you and me. It's time to make fitness an enjoyable part of your life, not something you dread having to do everyday. Which is why we advocate a minimalist approach to reshaping your body, allowing you more time to show off your results instead of being a slave to your workouts. This workout program requires zero equipment, it can be performed anywhere regardless of space and by anyone regardless of your current fitness level. It will take you from a complete beginner with no exercise experience all the way up to a fit, functionality strong woman ready to dominate life and inspire the people around you. No gym membership or home equipment needed, just your body and a chair will see you through to the best shape of your life. Here's a slither of what's inside: Busting Through The Myths Of The Fitness Industry Including 1. That
