Pink New York Times bestselling author of Drive A testament to the strategic mind of a genius and a road map for developing engaging consumer experiences by curating content around your brand Bonin Bough Global Director Digital and Social Media PepsiCo Perfectly on trend, an insightful guide to the future So entertaining you won't put it down Chris Meyer author of Blur Read this book Embrace curation and you'll be ready to crush it with focus and passion in the noisy new world of massive data overload Gary Vaynerchuk New York Times bestselling author of Crush It Provides a wealth of real world examples of how businesses can use the Web to give their customers a valuable, curated experience Tony Hsieh CEO Zappos.com and New York Times bestselling author of Delivering Happiness Our best hope for sorting the good from the mediocre in our increasingly overwhelming media landscape Clay Shirky author of Cognitive Surplus and Here Comes Everybody About the Book Let's face it, we're drowning in data. Our inboxes are flooded with spam, we have too many friends on Facebook, and our Twitter accounts have become downright unmanageable. Creating content is easy; finding what matters is hard. Fortunately, there is a new magic that makes the Web work. It's called curation, and it enables people to sort through the digital excess and find what's relevant. In Curation Nation, Steven Rosenbaum reveals why brands, publishers, and content entrepreneurs must embrace aggregation and curation to grow an existing business or launch a new one. In fact, he asserts that curation is the only way to be competitive in the future. Overwhelmed by too much content, people are hungry for an experience that both takes advantage of the Web's breadth and depth and provides a measure of human sorting and filtering that search engines simply can't achieve. In these shifting sands lies an extraordinary business opportunity: you can become a trusted source of value in an otherwise meaningless chaos of digital noise. In Curation Nation, Rosenbaum curates the curators by gathering together priceless insight and advice from the top thinkers in media, advertising, publishing, commerce, and Web technologies. This groundbreaking book levels the playing field, giving your business equal access to the content abundance presently driving consumer adoption of the Web. As the sheer volume of digital information in the world increases, the demand for quality and context becomes more urgent. Curation will soon be a part of your business, and your digital world. Understand it now, join in early, and reap the many benefits Curation Nation has to offer. Learn more at [CurationNation.org](http://CurationNation.org) **Library**
