The consideration in his heart was that he wouldn't be able to afford all the video equipment as of the moment. John kept this in his mind as time goes by. He waited for two years without starting the YouTube channel of his dream because he thought he could not afford it. All this while, John has a very sophisticated phone that can take stunning videos and pictures. He did not know that what he has in his hand can help him achieve his dream of having a successful YouTube channel. One day, I shared the information with John how he can start a YouTube channel with his phone and nothing more. He was suppressed and decided to start. After producing a few videos, he discovered that he needs light to brighten up his video. He immediately bought small LED light from Amazon which helps him to brighten his videos. His channel started growing and he started buying more video equipment and today he has standard video equipment he is using. When he looks at the success of his channel, he is grateful for starting the way he did. He regretted the years he wasted thinking he wants to start professionally. Are you like John with the great idea of running a YouTube channel and you think you don't have all it takes to start? This book will show you how to start a YouTube channel with the lowest possible budget and your videos will be so professional that people would not believe if you tell them your startup capital. This book will show you the best cheap setup you can do with your phone that will help you produce high quality videos with excellent sound quality. There are so many more things you can learn from this book as regards the equipment you need for professional video production.
