You ought to read this book which will help you in taking your first steps into freelancing. To start off the journey you will need a starter kit which comprises of a computer with basic applications like Microsoft suites, Photoshop or Notepad and an internet connection. You will then need to train on the necessary skills like good communication skills, time management skills and a professional skill like writing good grammar and spelling. Understand the reason you are joining freelancing, your own personality, financial needs and social status. If you want to be your own boss then freelancing is the best option. You will enjoy other benefits like having no overhead costs since you may work from the comfort of your home, a stream of earning income and research equips you to be knowledgeable among many other benefits. Upwork is a great freelancing platform. It gives everyone equal and fair chances to secure a job with a client. What you need to do is bid for the job specifying your skills and negotiating with the client. You will be rewarded for your efforts once you complete projects, your payments are protected by the Upwork platform and it will give you a good ground to showcase your success. To do so, seek support from others who have experience with overcoming the same type of fear of risk that you are experiencing; this could be a writers group, forum, entrepreneurial friends, etc. Venturing into the unknown can be scary, but if you really want to be a freelancer, you'll need to stretch your comfort zone. Stay motivated, use positive self-talk, focus on helping others and reflect on previous successes. I learned a deep respect for one of Goethe's couplets: "Whatever you can do or dream you can begin it. Boldness has power, genius and magic in it." I didn't write this guide for any one type of Upwork freelancer. You might be a freelancer putting together 50 pages of SEO content a week or you might be a novelist with a long gestating book that you want to finish. It doesn't matter because the tips in this guide are designed to help you improve every aspect of your writing from the ground up. Do that and you'll be set for years to come.
