

An aerial photograph of a city street, likely from the 1930s or 1940s. The street is filled with vintage cars, including a prominent dark sedan in the foreground and several lighter-colored cars further down. Buildings with flat roofs line the street. The overall scene is in black and white, with a high-contrast, slightly grainy quality.

Drei Kameraden Roman:

Drei Kameraden Erich Maria Remarque, 1938 **Three Comrades** Erich Maria Remarque, 1998-01-27 From the acclaimed author of *All Quiet on the Western Front* comes *Three Comrades* a harrowing novel that follows a group of friends as they cope with upheaval in Germany between World Wars I and II The year is 1928 On the outskirts of a large German city three young men are earning a thin and precarious living Fully armed young storm troopers swagger in the streets Restlessness poverty and violence are everywhere For these three friendship is the only refuge from the chaos around them Then the youngest of them falls in love and brings into the group a young woman who will become a comrade as well as they are all tested in ways they can have never imagined Written with the same overwhelming simplicity and directness that made *All Quiet on the Western Front* a classic *Three Comrades* portrays the greatness of the human spirit manifested through characters who must find the inner resources to live in a world they did not make but must endure The world has a great writer in Erich Maria Remarque He is a craftsman of unquestionably first rank a man who can bend language to his will Whether he writes of men or of inanimate nature his touch is sensitive firm and sure *The New York Times Book Review*

Drei kameraden Erich Maria Remarque, 1941 *The National Union Catalogs, 1963- ,1964* *Drei Kameraden* Erich Maria Remarque (Schriftsteller, Deutschland), 1958 *National Union Catalog ,1973* Includes entries for maps and atlases

Atlantic Automobilmism Gijss Mom, 2014-12-01 Our continued use of the combustion engine car in the 21st century despite many rational arguments against it makes it more and more difficult to imagine that transport has a sustainable future Offering a sweeping transatlantic perspective this book explains the current obsession with automobiles by delving deep into the motives of early car users It provides a synthesis of our knowledge about the emergence and persistence of the car using a broad range of material including novels poems films and songs to unearth the desires that shaped our present car society Combining social psychological and structural explanations the author concludes that the ability of cars to convey transcendental experience especially for men explains our attachment to the vehicle "... *das Symbol der Ewigkeit ist der Kreis.*" Mariana Parvanova, 2003
