Druid Way:

The Druid Way Philip Carr-Gomm,2006-01-01 Druidism the ancient shamanic religion of Britain is experiencing a major revival there and in America This book is both a complete description of the Druid Way as well as a fascinating tour of the major Druid sites ruins and power places Includes specific suggestions for bringing this ancient wisdom tradition into our own lives and activities

The Druid Way Made Easy Graeme Talboys,2011-06-16 Graeme K Talboys has been Druid for a long time An encounter with a spirit in a beech grove fifty years ago convinced him that the eye rarely sees all there is to see A few years later he realised there were ways to discover more about those other worlds amongst the trees The word Druid didn't drift into his consciousness until he was a teenager but by then he was already exploring the Forest and fascinated by the history and archaeology of ancestral Celts Since then Graeme has been a teacher in schools and museums He now writes passing on what he has learned through fiction and non fiction He spent some time in a Druid Order completing their formal training but is much more comfortable exploring the Forest on his own Since 2001 he has administered the Hedge Druid Network with fellow Druid Julie White

The Druid's Way R. Gohery,2014-12-14 The very first Druids Way begins high on Harristown Hill where a group of five friends are rambling in the countryside Along their route they stumble upon a large freshly made hole in the earth a huge boulder having apparently fallen through and far below On further investigation Kevin the eldest abseils down into the abyss with the intention of retrieving a strange amulet from what seems to be a ceremonial altar Unfortunately this retrieval interrupts a

once every century ritual that involves the sustaining of a once mighty civilisation of druids The Tuatha D Danann in a parallel time and place where they patiently wait for their return to reclaim what is rightfully theirs In pursuit of their recently lost power source these druids resort to using supernatural forces before eventually whisking Kevin and his brother into their very own kingdom a dark realm dominated by a massive shadow fortress far beneath the earth Unwittingly Kevin misses his opportunity to return this treasure to its rightful owners and as a result is forced to face the full might of the greatest and most magical dynasty the world has ever known

The Druidry Handbook John Michael Greer,2006-01-01 A living tradition of nature spirituality rooted in Celtic antiquity and revived to meet the challenges of contemporary life Druidry offers people a path of harmony through reconnection with the green Earth The Druidry Handbook is the first hands on manual of traditional British Druid practice that explores the Sun Path of seasonal celebration the Moon Path of meditation and the Earth Path of living in harmony with nature as tools for crafting an earth honoring life here and now From ritual and meditation to nature awareness and ecological action John Michael Greer opens the door to a spirituality rooted in the living Earth Featuring a mix of philosophy rituals spiritual practice and lifestyle issues The Druidry Handbook is one stop shopping for those seriously interested in practicing a traditional form of Druidry It offers equal value to eclectics and solitary practitioners eager to incorporate more earth spirituality into their own belief system it also appeals to the merely curious

A Legacy of Druids Ellen Evert Hopman,2016-04-29 A book of conversations with prominent Druids from across Britain the USA and other countries whose voices describe the basic beliefs practices and struggles of the emerging Druid faith Conducted in person and online in the late 20th century these collected conversations provide a historic window into the movers and shakers of the modern Druid world

The Voice Within the Wind Greywind,2001 This is a comprehensive and thought provoking exploration of some of the metaphysical notions that are the foundation of modern druidic thought and practice It is a serious and informed contribution to an often neglected area of the modern Druid Way in which past practice is all too often rekindled without an attendant understanding of past psychology or philosophical perceptions In this it is a manifesto for a Druid Way that is both true to its Celtic roots and responsive to the modern world

What Do Druids Believe? Philip Carr-Gomm,2013-12-05 Druidism evolved out of the tribal cultures of Britain Ireland and western France over two thousand years ago In the seventeenth century it experienced a revival which has continued to this day Contemporary Druids can now be found all over the world and Druidry s appeal lies in its focus on a reverence for the natural world a belief in the value of personal creativity and of developing a sense of communion with the powers of nature and the spirit Druidry s startling recent growth lies in its broad appeal some treat it as a philosophy others as a religion still others as a path of self development Druids can be Pagan or can be followers of other faiths and a Druid ceremony might include Christian and Buddhist Druids alongside Pagan and Wiccan Druids Philip Carr Gomm explains the practical value of following Druidism today and examines its core beliefs and relevance to the contemporary issues that face us all
