Drew's Blues Drew Page,1999-03-01 Congratulations on a much needed book on the Big Band era especially from the viewpoint of the side man Having been one for about eight years before becoming a leader I can really appreciate your approach A bandleader is no better than the men behind him and I have had some great ones including of course Drew Page Freddy Martin Having lived behind the scenes during the Big Band era of the thirties and forties Page invites us to share that era with him An instrumentalist or sideman in many touring bands he recounts friendships with now famous as well as unknown musicians who made American dance music Like them Drew Page loved his music and the road He did not want to stay in one place and one job for thirty years repeating one year or experience thirty times He wanted to see things to observe people and places After a lifetime of traveling and music every town began to seem like home Page s life was touched with humor disappointment triumph and some tragedy Perhaps it s the variety of my experiences none seeming to relate to the others that has given my life its discontinuity Certainly discontinuity characterized his daily life but continuity his music characterized its essence Brought together by their art the traveling bandmembers were apt to encounter each other any place any time and so they avoided goodbyes I ll be seeing you That s the way I left Harry James and the boys in the band recalls Page In this well illustrated autobiography he tells us what it was like to travel in the days before paved roads and how the Great Depression the death of vaudeville and World War II affected the music business He gives us anecdotes about the famous musicians he worked with Harry James Red Nichols Freddy Martin among others and he talks about his fellow sidemen His narrative unrolls like a scroll inscribed with the names of those who made American dance music and jazz famous Every music lover nostalgia seeker and student of American culture will want to own this book
