mockumentary form of film and television fiction It examines the ways in which mockumentary films and television programmes make visible through comedy the performances that underpin straight documentaries and many of our public figures Mockumentary Comedy focuses on the rock star and the politician two figures that regularly feature as mockumentary subjects These public figures are explored through detailed textual analyses of a range of film and television comedies including *A Hard Day's Night* *This is Spinal Tap* *The Thick of It* *Veep* and the works of Christopher Guest and Alison Jackson This book broadens the scope of existing mockumentary scholarship by taking comedy seriously in a sustained way for the first time It ultimately argues that the comedic performances by performers and of documentary conventions are central to the form's critical significance and popular appeal *The Encyclopedia of Popular Music* Colin Larkin, 2011-05-27 This text presents a comprehensive and up to date reference work on popular music from the early 20th century to the present day *The Beatles* Allan Kozinn, 1995-10-19 Discussion of the Beatles music is expanded here by a consideration not only of the group's commercially released disks but also of rare working tapes which illuminate the compositional process and reveal how some of their milestone recordings took shape in the studio **John Lennon: Legendary Musician & Beatle** Jennifer Joline Anderson, 2010-01-01 John Lennon was one of history's most influential musicians This title highlights Lennon's background and his role in the formation of the groundbreaking band The Beatles Also covered in detail are Lennon's famous war protests and his 1980 assassination Recently released Beatles CDs and the Cirque de Soleil masterpiece *Love* appealed to many young people With Beatles songs for the Rock Band video game coming this fall as well as remastered Beatles recordings this title is a timely addition to any collection for middle and high schools and YA programs *Lives Cut Short* is a series in Essential Library an imprint of ABDO Publishing Company **Popular Music Studies Today** Julia Merrill, 2017-03-30 This volume documents the 19th edition of the biannual International Association for the Study of Popular Music In focus of the conference were present and future developments For example the diminishing income potential for musicians as well as the recording industry as a whole concurrent with the decreasing relevance of popular music in youth culture This is where computer games and social media come to the forefront At the same time the research of popular music has emancipated itself from its initial outsider **Coming Apart** William L. O'Neill, 2005 William L O'Neill's masterly chronicle of the twentieth century's most confounding decade is an immensely readable book that combines wit with learning and seriousness with entertainment Its emphasis is inevitably on politics but it offers a brilliant yet balanced portrayal of the New Left the counterculture the civil rights movement the plunge into Vietnam the crisis in the universities and the freakier aspects of the popular culture It has endured as one of the great interpretations of the sixties **The Reacher Guy** Heather Martin, 2020-09-29 An exquisitely written and nuanced biography of an exceptional individual and writer who has created the 1 international bestselling hero Jack Reacher revered by dedicated and loyal readers worldwide Lee Child has a great public persona he is gracious and generous with readers and fans But Jim Grant is a reticent and very private man This rags to

riches literary and social biography is based principally on disarmingly frank personal conversations and correspondence with the author since 2016 and privileged access to archival materials It consists almost entirely of original material and is the nearest thing the world is likely to get to the autobiography he does not intend to write There are a handful of great Lee Child Reacher stories that have been recycled over and over again They are so good that no one has bothered to look beyond them This book revisits and sometimes revises those irresistible stories but goes back further and digs deeper The emphasis on chronology accuracy and specificity is unprecedented The Lee Child origin myth is much loved But mostly it sees him springing fully formed from the brow of Granada Television There are glancing references to Aston Villa and the schoolyard but no one has examined the social and historical detail or looked closely at where Lee really came from the people places and period This is the first time someone has described the Lee Child arc from peaceful obscurity in the Yorkshire Dales and Upstate New York to cult figure no 1 in America rock star celebrity and publishing institution through to backlash the changing zeitgeist and intimations of retirement The analysis of the emotional power and significance of Lee s work in the final chapters the themes of happiness addiction dependency loneliness and existential absurdity and the first hand retrospective accounts of his life and second act career are all exclusive to this definitive biography
