**The Beautiful Death** Quinn Fernandez, 2020-05-04 The town hasn't been the same since their arrival. Hard drinking and fun loving Savannah, Georgia, has always had its share of the wacky and the mysterious. From greedy pirates and quirky psychics to Gullah root doctors and avid ghost hunters, Savannah is a veritable treasure trove of mysterious wisteria, but this is a new level of strange. All around town, rumors are flying. Some wanna-be Messiahs have set up shop in the Historic District, and his disciples are anything but humble. Word has it that growing numbers of Savannah's never-do-wells and underachievers are going off two by two to attend his mysterious private retreats. When they reappear, they stride boldly back onto the Savannah social scene, looking and acting as though they've just leaped from the coals of a Tony Robbins firewalk. Brimming with confidence and glowing health and sporting a bizarre-looking Death's Head tattoo, these bold new apostles of what they are calling The Beautiful Death are spreading their ancient and magical message throughout Savannah and into the surrounding Low Country. While this new ideology is spreading like wildfire, some will use this power for good, and others close to their new messiah are prepared to use it for more nefarious purposes. Patrick, a popular social blogger recently arrived from Denver, naturally senses a story. Driven by a sinister secret, he strives to discover the mystery behind the Beautiful Death and with it, the source of his startling metamorphosis, no matter what the cost. But can he find the answers before descending headlong into madness?

**Dying, Death, and Bereavement** Lewis R. Aiken, 2001 This book is a brief but comprehensive survey of research writings and professional practices concerned with death and dying. It is interdisciplinary and eclectic: medical, psychological, religious, philosophical, artistic, demographics, bereavement, and widowhood are all considered, but with an emphasis on psychological aspects. A variety of viewpoints and research findings on topics subsumed under thanatology receive thorough consideration. Questions, activities, and projects at the end of each chapter enhance reflection and personalize the material. This fourth edition features material on moral issues and court cases concerned with abortion and euthanasia, the widespread problem of AIDS and other deadly diseases, the tragedies occasioned by epidemics, starvation, and war, and the resumption of capital punishment in many states. The book's enhanced multicultural tone reflects the increased economic, social, and physical interdependency among the nations of the world. Topics receiving increased attention in the fourth edition are terror management attitudes and practices concerning death, cross-cultural concepts of afterlife, gallows humor, out-of-body experiences, spiritualism, mass suicide, pet and romantic death, euthanasia.
