Beauty Restored An Essay In Aesthetic Theory:

Beauty Restored Mary Mothersill, 1984 **Performing Beauty in Participatory Art and Culture** Falk Heinrich, 2014-03-21 This book investigates the notion of beauty in participatory art an interdisciplinary form that necessitates the audience s agential participation and that is often seen in interactive art and technology driven media installations After considering established theories of beauty for example Plato Alison Hume Kant Gadamer and Santayana through to McMahon and Sartwell Heinrich argues that the experience of beauty in participatory art demands a revised notion of beauty a conception that accounts for the performative and ludic turn within various art forms and which is in a broader sense a notion of beauty suited to a participatory and technology saturated culture Through case studies of participatory art he provides an art theoretical approach to the concept of performative beauty an approach that is then applied to the wider context of media and design artefacts **ThirdWay** , 1985-05 Monthly current affairs magazine from a Christian perspective with a focus on politics society economics and culture *Values of Beauty* Paul Guyer, 2005-06-13 *Values of Beauty* discusses major ideas and figures in the history of aesthetics from the beginning of the eighteenth century to the end of the twentieth century The core of the book features Paul Guyer s essays on the epochal contribution of Immanuel Kant and sets Kant s work in the context of predecessors contemporaries and successors including David Hume Alexander Gerard Archibald Alison Arthur Schopenhauer and John Stuart Mill All of the essays emphasize the complexity rather than isolation of our aesthetic experience of both nature and art and the interconnection of aesthetic values such as beauty and sublimity on the one hand and prudential and moral values on the other Guyer emphasizes that the idea of the freedom of the imagination as the key to both artistic creation and aesthetic experience has been a common thread throughout the modern history of aesthetics although the freedom of the imagination has been understood and connected to other forms of freedom in a variety of ways *The Recovery of Beauty: Arts, Culture, Medicine* Corinne Saunders, David Fuller, 2015-08-22 An interdisciplinary collection of essays exploring the complex and conflicted topic of beauty in cultural arts and medicine looking back through the long cultural history of beauty and asking whether it is possible to recover beauty *The Journal of Philosophy* , 1987 *Women Philosophers* E. Wertz, 2000-03-15 This book explores the historical dimension of David Hume's philosophy a feature that Spencer Wertz calls historical empiricism According to Wertz Hume sought to understand the present in terms of the past in a way that anticipates the historical constructionism of R G Collingwood and Herbert Butterfield Hume's method is to tell a story about something's origin in which ideas yield impressions These impressions eventually yield to experience that includes history as part of its structure Arguing that Hume worked between history and philosophy Wertz demonstrates that Hume's historical empiricism consists of four key concepts These concepts are history human nature experience and nature all of which play a role in historical narration taste moral judgments and the historiography of science Bringing new insights to the study of Hume's work this book will be an important resource for scholars of philosophy
