Beckett Writing Beckett The Author In The Autograph:

Beckett Writing Beckett H. Porter Abbott, 2019-01-24 Suppose that before he is writing fiction before he is writing drama before he is writing any of the autonomous highly polished pieces that make up his life work Beckett is writing Beckett What follows from this In *Beckett Writing Beckett* H Porter Abbott argues that by the time he had written *Waiting for Godot* Beckett's art had crystallized as a life project keyed to the simultaneous action of writing and reading the self How does such an interpretive shift change the way we see the salient features of Beckett's art his extraordinary and persistent assaults on narrative his restless exploration of genres and media his attempts to exercise autocratic control over performance and publication his increasingly musical formal structures his tireless capacity to invent How moreover does this view relate to the contempt for autobiography so pervasive in Beckett's work In approaching these questions *Beckett Writing Beckett* seeks to redirect current discussion of such concepts as the author and originality Arguing on several widely contested fronts in Beckett criticism including such vexed issues as Beckett's postmodernism his politics and his relation to his audience Abbott develops an interpretive method grounded in the concept of autographical action The method allows Abbott to articulate the centrality of the inexhaustible strangeness of Beckett's work and to do so without robbing that strangeness of its power to surprise

Still: Samuel Beckett's Quietism Wimbush Andy, 2020-06-18 In the 1930s a young Samuel Beckett confessed to a friend that he had been living his life according to an abject self-referring quietism Andy Wimbush argues that quietism a philosophical and religious attitude of renunciation and will-lessness is a key to understanding Beckett's artistic vision and the development of his career as a fiction writer from his early novels *Dream of Fair to Middling Women* and *Murphy* to late short prose texts such as *Stirrings Still* and *Company* Using Beckett's published and archival material *Still Samuel Beckett's Quietism* shows how Beckett distilled an understanding of quietism from the work of Arthur Schopenhauer E M Cioran Thomas Kempis Fyodor Dostoevsky and Andr Gide before turning it into an aesthetic that would liberate him from the powerful literary traditions of nineteenth century realism and early twentieth century high modernism *Quietism* argues Andy Wimbush was for Beckett a lifelong preoccupation that shaped his perspectives on art relationships ethics and even notions of salvation But most of all it showed Beckett a way to renounce authorial power and write from a position of impotence ignorance and incoherence so as to produce a new kind of fiction that had in Molloy's words the tranquility of decomposition

Beckett's Breath Goudouna Sozita Goudouna, 2018-01-15 Examines the intersection of Samuel Beckett's thirty second playlet *Breath* with the visual arts Samuel Beckett one of the most prominent playwrights of the twentieth century wrote a thirty second playlet for the stage that does not include actors text characters or drama but only stage directions *Breath* 1969 is the focus and the only theatrical text examined in this study which demonstrates how the piece became emblematic of the interdisciplinary exchanges that occur in Beckett's later writings and of the cross-fertilisation of the theatre with the visual arts The book attends to fifty *Breath*-related artworks including sculpture painting new media sound art performance

art and contextualises Beckett's *Breath* within the intermedial and high modernist discourse thereby contributing to the expanding field of intermedial Beckett criticism

Key Features Examines Beckett's ultimate venture to define the borders between a theatrical performance and purely visual representation Juxtaposes Beckett's *Breath* with breath-related artworks by prominent visual artists who investigate the far-reaching potential of the representation of respiration by challenging modernist essentialism The focus on this primary human physiological function and its relation to arts and culture is highly pertinent to studies of human performance the nature of embodiment and its relation to cultural expression Facilitates new intermedial discourses around the nature and aesthetic possibilities of breath the minimum condition of existence at the interface between the visual arts and performance practices and their relation to questions of spectacle objecthood and materiality

Why do We Write as We Write? Paradigms, Power, Poetics, Praxis Sergio Tavares Filho, 2019-01-04 This volume was first published by Inter Disciplinary Press in 2013 Why What is motivating us What are the outcomes of our writing experiences How to improve them How to enable and empower young writers students or independent artists to write more and better What are the challenges The activity of writing has been observed in this eBook from mainly two different perspectives writing self and discovery on a predominantly institutional level and writing as craft with focus on text and writing practice The division seems simple but the variety of articles cover a wide range of subjects within the topic creating interesting overviews writing starts with writing instruction progresses to discovery of the text and this stage progresses frequently as shown in the articles as journeys of discovery and self discovery

The Values of Literary Studies Rónán McDonald, 2015-11-24 What is valuable about literary studies What is its point and purpose In *The Values of Literary Studies* Critical Institutions Scholarly Agendas leading scholars in the field illuminate both the purpose and priorities of literary criticism At a time when the humanities are increasingly called upon to justify themselves this book seeks to clarify their myriad values and ideologies Engaging the idea of literary value while at the same time remaining attuned to aesthetic ethical political and psychological principles this book serves to underscore the enduring significance of literary studies in an academic climate that is ostensibly concerned with expediency and quantification As a sophisticated examination of literary theory and criticism *The Values of Literary Studies* Critical Institutions Scholarly Agendas provides a comprehensive and hopeful view of where the discipline is now and what avenues it is likely to take from here

Beckett's Dantes Daniela Caselli, 2005 This is the first study in English on the literary relation between Beckett and Dante It is a clear and innovative reading of Samuel Beckett and Dante's works and a critical engagement with contemporary theories of intertextuality Caselli gives an original intertextual reading of Beckett's work detecting previously unknown quotations allusions to and parodies of Dante in Beckett's fiction and criticism

The Bloomsbury Companion to Modernist Literature Ulrika Maude, Mark Nixon, 2018-11-01 In this book leading international scholars explore the major ideas and debates that have made the study of modernist literature one of the most vibrant areas of literary studies today The Bloomsbury Companion to Modernist Literature offers a comprehensive guide to current research in the field covering topics including The modernist everyday emotion myth geographies and language scepticism Modernist literature and the arts music the visual arts cinema and popular culture Textual and archival approaches manuscripts genetic criticism and modernist magazines Modernist literature and science sexology neurology psychology technology and the theory of relativity The geopolitics of modernism globalization politics and economics Resources keywords and an annotated bibliography *Journal of Dramatic Theory and Criticism*, 2000 *Contemporary Drama in English*, 2000 **Current Contents** Institute for Scientific Information (Philadelphia), 1997 [The Politics and Aesthetics of Refusal](#) Caroline Hamilton, 2007 [The Politics and Aesthetics of Refusal](#) is an eclectic collection of essays from emerging academics who engage with the notion of refusal both as the embodiment of a resistance to conventional boundaries between academic disciplines and as a concept with an underlying negative or reactive force that can be widely interpreted and applied The applications of refusal outlined in this volume ranging from activism and the politics of cultural production through to problems of identity and knowledge classification raise questions about often elided relationships of agency and complicity in routine experience The sense of refusal that emerges from this book is perhaps most easily classified by what it is not namely a prescriptive conclusive or unified account of what it is to reject react or work against any particular instance of theory or practice in any given domain The value of a thematically oriented collection like this is its ability to work across disciplines media and philosophical frameworks rather than limiting its focus to a narrow territory According to Herbert Marcuse refusal must not only be the guiding principle for all artistic creation it must also be a manifestation of artistic creation itself With this volume we have attempted to compose a collection which is not only theoretically guided by refusal but practically informed by it as well The collection in itself constitutes we hope a constructive rejection of the usual constrictions of discipline and approach placed upon new scholars This rich collection of essays on the political aesthetic and ethical dimensions of that form of social action called refusal is an important contribution to our understanding of the tensions and contradictions of contemporary culture John Frow Professor of English Literary Studies at the University of Melbourne **Literary Atheism** David J. Gordon, 2002 Gordon English Hunter College and City U of New York de emphasizes the popular distinction between believers and non believers to highlight a distinction between those theists or atheists who are naive and those who are sophisticated His interest is in the latter literary atheists who do not believe in the ghosts of religion and yet to the extent they are part of their culture continue to be haunted by them Annotation copyrighted by Book News Inc Portland OR [Current Contents](#), 1999 **International Bibliography of Book Reviews of Scholarly Literature Chiefly in the Fields of Arts and Humanities and the Social Sciences**, 1996
