Becoming Strangers:

Becoming Strangers Louise Dean, 2007-01-08 After more than half a century of marriage Dorothy and George are embarking on their first journey abroad together Three decades younger Jan and Annemieke are taking their last as illness and incompatibility bring their unhappy union to an end At first the luxury of a Caribbean resort is no match for the well worn patterns of domestic life Then the couples paths cross and a series of surprises ensues a disappearance and an assault most dramatically but also a teapot tempest of passions slights misunderstandings and small awakenings that punctuate a week in which each pair struggles to come to terms with what s been keeping them apart A hit with readers and critics alike when it was published in England last year *Becoming Strangers* is a different kind of love story in which there s seldom a happy ending but sometimes a chance to redeem a life half lived *Toward a Stranger and More Posthuman Social Studies* Bretton A. Varga, Timothy Monreal, Rebecca C. Christ, Wayne Journell, 2023 This collection of essays explores posthuman approaches to social studies education challenging the field to think differently about the precarious status of the world Authors examine how educators and scholars can foster more ethical ways of teaching learning and researching by cultivating a greater sense of attunement to the more than human **The Sociology of the Stranger** Kwang-ki Kim, 2026-01-08 *The Sociology of the Stranger* offers a groundbreaking reappraisal of the stranger as a central social type reframing estrangement as a critical lens for understanding identity belonging and the transformative conditions of modern social life **Strange Encounters** Sara Ahmed, 2000 Examining the relationship between strangers embodiment and community *Strange Encounters* challenges the assumptions that the stranger is simply anybody we do not recognize and instead proposes that he or she is socially constructed as somebody we already know Using feminist and postcolonial theory this book examines the impact of multiculturalism and globalization on embodiment and community whilst considering the ethical and political implication of its critique for post colonial feminism A diverse range of texts are analyzed which produce the figure of the stranger showing that it has alternatively been expelled as the origin of danger such as in neighbourhood watch or celebrated as the origin of difference as in multiculturalism The author argues that both of these standpoints are problematic as they involve stranger fetishism they assume that the stranger has a life of its own **The Night We Became Strangers** Lorena Hughes, 2025-09-30 An immersive historical novel based on true events In 1938 Orson Welles s legendary radio dramatization of H G Wells s novel *The War of the Worlds* terrified Americans into believing Martians were invading Eleven years later an Ecuadorian radio station adapted the show with catastrophic consequences Now two young journalists are determined to uncover what really happened to their families that night even as secrets endanger their future 1957 Aspiring photojournalist Valeria Anzures returns to her hometown of Quito with a secret purpose to discover the truth about how her parents really died The disastrous 1949 *War of the Worlds* show caused a mob to torch her family s radio station and the newspaper run by their closest friends the Monteros The tragedy shattered the families relationship and left

the station on precarious financial ground Now expected to save her family s legacy through an arranged marriage Valeria will risk everything to find out the truth Even if it means allying with the man she s always loved but who now treats her like a stranger For Mat as Montero the scars of that night run deep He saved his mother but blames himself for not rescuing his father As a journalist he views Valeria as a rival Still they re both on the same mission Perhaps together they can unearth the past their families and friends would rather remain buried Valeria and Mat as soon find trusting each other is as dangerous as the attraction they can t resist Between their families mutual hatred duplicitous witnesses and insidious lies and ruthless manipulations exposing the real story will put their future on the line and ignite revelations no one saw coming *The adult*,1898 **Modern Marriage** Émile Zola,1906 *Works ...* Herbert Spencer,1896 **Papers in Illinois History and Transactions for the Year ...** ,1902 **Parallel Complexity Theory** Ian Parberry,1987-11-26 Parallel complexity theory is one of the fastest growing fields in theoretical computer science This rapid growth has led to a proliferation of parallel machine models and theoretical frameworks This book presents a unified theory of parallel computation based on a network model It is the first such synthesis in book form The network paradigm is fundamental to the understanding of parallel computation and this assertion is backed up by new and refined theoretical results Chapters cover the basic model comparison of the network model to others programming techniques for a practical network model efficient simulations of the general network model including a universal feasible network extension of the network model and definition of arity universal networks including discussion of their lower bounds and the conditions under which they hold *Publications of the Illinois State Historical Library, Illinois State Historical Society* ,1902 *The Principles of Sociology: pt.
