Beautiful Mind Unabridged:

Our Human Herds: The Theory of Dual Morality (Second Edition, Unabridged) Stephen Martin Fritz, 2019-05-14
Let us imagine that somewhere in present day South America a nation exists as the United States was constituted in 1789 George Washington is its president and Thomas Jefferson its secretary of state It is a nation that allows only white males to vote and its president cabinet officials and many of its citizens own slaves If the America of 1789 existed right now what would we think of it Would it be right to invade it in order to liberate its people Would we consider a complete embargo of it until it changed its ways Would it be a pariah among nations Or would we recognize and cooperate with it declaring its president and secretary of state political geniuses Maybe we would just do nothing and trust that in 100 or so years it will straighten itself out What would be the correct way to think of such a nation and its leaders Three hundred years ago if a woman was raped and became pregnant we d kill the rapist and spare the baby Today we spare the rapist and kill the baby One hundred years ago only heterosexual marriages were legal Today political leaders around the world are celebrating gay relationships How and why does our moral outlook change in such matters By the time you are done reading this book you will have concrete answers to these questions and many more This is a learned thoroughly researched study and dazzlingly bright The effervescent approach to writing makes its pages fly by Studies as brilliant as this one deserve a far wider audience An engrossing and mind expanding examination of morality Kirkus Reviews **A Beautiful Mind** Sylvia Nasar, 2001-12-04 A biography of John Forbes Nash Jr Winner of the Nobel Prize in Economics 1994 AV Guide ,1998
